

DEPARTMENTAL
ARGUMENT ENDS,
DECLARES WORK

Secretary of the Interior Announces Policies He Intends to Follow.

WASHINGTON, April 14.—President Harding's plan for re-alignment of various government bureaus which heretofore has been the center of a row among high officials is being discussed by the Agriculture Department, was endorsed without reservation last night by Secretary Work of the Interior Department in his first public address outlining department policies since he succeeded Theodore Roosevelt. He succeeded in convincing the reported disagreement between Mr. Fall and Secretary Wallace of the Agriculture Department as to which should have jurisdiction over the forest service, Secretary Work declared, the regrouping was necessary. He said that his hearty approval and promised that he would co-operate with the agriculture secretary in putting it into effect.

"When the President speaks for the Department of the Interior, as he does in this instance," said Dr. Work, "it is my pleasure to subscribe to his views. The Interior Department and the Department of Agriculture are units for a great government, not miniature governments in themselves, and therefore both departments are obligated to contribute through mutual co-operation to the successful administration of the government as a whole."

Oakland's Greatest Spring Dollar Day, Wednesday, April 18

CHAMBER BACKS REDISTRIBUTING PLAN FOR STATE

Resolution Sent the Alameda
Delegation Favors Action:
Silent On Methods.

TRIBUNE BUREAU, SACRAMENTO, April 14.—Members of the Alameda county delegation in the legislature have received the following resolution from the Oakland Chamber of Commerce, having reference to the re-apportionment issue, which is to come up next Thursday in the assembly:

"That it is the sense of the Oakland Chamber of Commerce that the California state legislature should obey the constitutional mandate, and should re-apportion the State Senatorial and Assembly Districts."

As the Chamber of Commerce does not indicate whether it favors the bill to be brought up next Thursday by Assemblyman Edwin Baker of Los Angeles, which would materially increase the representation of the southern metropolis, and as it does not refer to any of the other re-apportionment bills, such as that of Assemblyman Charles Cleary, of Tulare, which would vest control of the assembly in the "cow-counties," it is assumed by legislators that the chamber has merely pronounced itself in favor of the principle of re-apportionment, the exact form of which is left to the delegation.

The Alameda county delegation is understood to be overwhelmingly opposed to re-apportionment at present. Assemblyman Fred Anderson declared that he would oppose re-apportionment, and the majority of the members of the delegation seem agreed with him on this matter. Senator Arthur H. Breed of Piedmont, however, has declared that he would vote for re-apportionment, as provided for under the Constitution.

The Oakland Chamber of Commerce has also furnished the members of the Alameda county delegation with resolutions favoring passage of the following bills:

Assembly bill 887, providing for the consolidation and incorporation of rural credit unions or co-operative associations.

Bill 807, providing that the State Highway Commission may acquire land or trees along public highways beyond the limit of 300 feet.

A resolution urging the governor to make an appropriation for the acquisition of the toll road to the top of Mount Diablo, that the tolls on this road be abolished, and the road be maintained by the state.

Bill 1051, providing for an elasticity in the securing of permits for the immediate and expeditious transportation of field and orchard products during the peak seasons.

**Slogan Contest For
Bond Issue in H. S.**

ALAMEDA, April 14.—Slogans for the new Alameda high school bond issue contest, which is being conducted under the auspices of the faculty of the high school, are now being received by Dr. George C. Thompson, principal of the school, according to an announcement of the committee in charge of the affair.

The contest will continue until Friday night, April 20, and is open to any resident of the city. Conditions for the contest include that the slogans must be short and concise and deal with the needs for a new school.

COLOGNE FAIR POSTPONED

COLOGNE, April 14.—Consequence of hindrances to international traffic growing out of the Ruhr occupation, the Cologne Fair has been postponed from May to September.

Women Rally to Defend Community Estate Bill

By E. VAN LIER RIBBINK

TRIBUNE BUREAU, SACRAMENTO, April 14.—That great pressure is being brought to bear on Governor Friend W. Richardson to veto the Community Property bill, which has been passed by both houses of the legislature, and that threats are being made by interested parties to the measure, is the story of a movement to be launched immediately for an initiative and referendum to repeal the act, as charges made by the women leaders who have made the long fight in behalf of the bill.

The women who left the State Capitol, secure in the feeling that nothing remained to be done, and that the Governor's signature to the bill would follow as a matter of course, have returned to Sacramento to face this sudden revival of opposition, and to attend the public hearing on the community property bill, which was so unexpectedly announced by the Governor for next Monday afternoon.

WOMEN UNFRIGHTENED.

The specter of the placing of an initiative referendum measure on the ballot by the opponents of the bill does not frighten the women, according to Mrs. Genevieve Allen, secretary of the Civic Center of Women's clubs, who declared that "the people of the State are preponderantly in favor of the justice of a law which allows a wife—the husband's devoted partner in life—to dispose of her half of the community property in the manner she chooses."

The various Credit Men's Associations of the State are the active opponents of the measure, which, however, has the backing of the California Bar Association and many other bodies. I am informed that the financing of such an initiative measure, which is always a costly proposition, would be largely undertaken by these credit associations, who predict legislation for credit and business.

JURY BILL MADE SPECIAL ORDER

SACRAMENTO, April 14.—The "three-quarters jury bill," which is in reality a proposed constitutional amendment, by Senator E. J. Gates, was today made a special order in the assembly for next Wednesday at 11 o'clock, with the understanding that it is to be deferred if the budget bill has not then been disposed of.

REPLY ON GOVERNOR.

Women leaders had an interview with Governor Richardson yesterday. I am informed, and as a result of this interview they believe that the Governor is friendly to the bill and that he will eventually sign it, did on a previous occasion.

The proposed amendment has passed the senate, and if it is approved by the assembly it will have a place on the ballot for popular approval or rejection, at the next general election.

The substance of the measure would be to permit three-quarters of the members of a criminal jury to return a verdict in everything but capital cases, which would continue to require a unanimous verdict.

The amendment was introduced and has been passed by the Los Angeles crime commission, an organization of business and professional men of that city which has taken steps to revise criminal laws and procedure in the hope that increasing crime may be checked.

BAN ON PROPAGANDISTS.

A bill which would make it unlawful for State officials to accept emoluments from private interests in payment for addresses delivered by such officials for or against any proposition that has been placed on the ballot, has been passed without recommendations by the Senate Committee on Elections. The bill has the support of labor, it is stated, and was introduced by Senator Daniel C. Murphy. It is also believed to have the support of the administration, and to coincide with the views expressed on the subject by Governor Richardson during his election campaign.

Assemblyman Charles Cleary of Tulare today circulated the members of the assembly in the interest of his bill, which would give the three centers of population—Alameda county, San Francisco and Los Angeles—a maximum of only one assemblyman each. In his statement, Cleary said: "The present provisions of the Constitution would place the metropolitan centers of the State, occupying about 3 per cent of the area of the State, in complete control of the State legislature, denying the rural 97 per cent area any effective vote in the law-making body." Cleary's bill again comes up for re-consideration next week.

WALRUS TOOTH CHARM

ALAMEDA, April 14.—The charm of the walrus tooth on which Antonio Roque, 43, residing at 1717 Jay street this city, placed his faith in the matter of work last night, according to his remarks to the police.

Roque was arrested late last night on a charge of battery sworn to by his wife, Mrs. Mary Roque. Upon being searched at the police station his walrus charm was found and was viewed with disgust by its owner. Bail was set at \$250.

AUTHOR'S DAUGHTER DIES

INDIANAPOLIS, Ind., April 14.—Laurel Tarkington, 17 years old, daughter of Booth Tarkington, prominent author, died at the home of the latter here last night.

Miss Tarkington, who resides in Cambridge, Mass., with her mother, Mrs. Willard Connelly, from whom the writer was divorced several years ago, had been visiting her father. She was stricken with pneumonia several days ago.

DAUGHTER BRINGS BACK MEMORIES OF GEN. VALLEJO

Interview With Mrs. Lulu
Emparan Recalls Romance
of Early Days.

By FRANCES MONTGOMERY.

It was many years ago in the palm-shaded sunshine of a California morning, when a beautiful Spanish woman walked with her daughter in their blossom-filled garden. The glossy black curls of the younger woman vied with the gleam of the mother's waving tresses.

"Beaux?" the mother was saying to the blushing daughters. "Girls these days do not know the real romance of the coming of their lovers. Ah, my dear, if you could but see your father as I saw him when he came galloping up the road to me on his Arabian steed! He was a handsome figure in his earnestness and majesty in his uniform with the gold epaulets and with his sword at his side. If you could have seen him as he alighted from his horse, howling before me, kissed my hand—ah, then, you would have seen real romance."

The dark-eyed woman who spoke was Francisca Carrillo Vallejo, wife of the famous General Jose Vallejo, who is most truly called the "Father of California." The daughter, who is now Mrs. Lulu Vallejo Emparan, of Sonoma, is a guest in Oakland, and is at the home of her son, C. Vallejo Emparan, at 541 Fifty-second street.

TRUTH OF OLD GLORY SEEN.

Mrs. Emparan is one of the younger members of a family of sixteen children and, as she relates the episodes of early days in California and the great part which her father played in the early colonization of the country, she creates the romantic atmosphere of the old Mexican and Spanish regime, and the wonder of California takes on a new glory.

As Lulu Vallejo Emparan talks, vivid pictures come of the intimate incidents in the life of General Vallejo.

We have a flash of the great romance of his youth when, on entering the University of Seville, he beheld a most beautiful girl sunning her luxuriant waves of black hair. She was Donna Francisca Carrillo of a famous Castilian family. When Donna Francisca was only 16 she was married to General Vallejo, and he built for her, in Sonoma, an adobe mansion. There were five children when the little mother was only 21. A young pioneer mother, indeed, to share in the triumphs and joys of the man who was the ruling hand in the day of early colonization in California.

General Vallejo was famed for his great foresight and directorship, as well as his gentleness and love of his people. He was the store of wealth and lands, Mexicans, Americans, Spanish and Indians were his loyal friends, and he daily trained Indian troops. He owned countless numbers of the finest Arabian horses and was a great rifleman.

MOTHER AN EXPERT SHOT.

"My mother," said Mrs. Emparan, "also was an expert shot. She would accompany my father when he hunted the Indian troops, and before them would display her ability with her silver-mounted rifle. She never missed the bull's-eye. I can remember my mother's voice of great number of horses which my father owned. At rodeo times she would stand on the porch of the old mansion and as the first of the procession of fine-blooded animals passed, she could always tell of the quality of the horses and see the last one of the countless number of them over in Napa."

"In the old days, General Sherman, General Fremont and other great leaders were entertained at my father's home. He gave money and land generously, and once offered the United States the sum of \$370,000 for government buildings, and also offered them land, but his offer was refused. To me the greatest act of my father was his stand in those crucial moments when the fate of California was in the balance. General Vallejo, my father, rose and said: 'No! California must be kept for the United States,' and California WAS kept for the United States."

TRUE DAUGHTER OF STATE.

Lulu Vallejo Emparan, California's true daughter, is, herself, the living embodiment of the romance of golden old California. At her home in Sonoma she sings for her friends the old Spanish melodies which she loves, and will proudly and reverently show them the embroidered fabric of cream satin from China, from clothes came, and also the vest which he wore at the weddings of two of his daughters and two of his granddaughters.

Memories of Old Spanish Days

Pius X to Become Catholic Saint

ROME, April 14 (By the Associated Press).—On the pulpit of twenty-eight cardinals Pope Pius has begun the procedure for the beatification and canonization of Pope Pius X, by appointing postulants, or supporters of beatification. The chief applicant for Italy is Abbe Pierani, procurator general of the Vallombrosan Benedictines. Other postulants also have been appointed in the various dioceses where the late pontiff lived.

Pony Express Rider Dies in Los Angeles

LOS ANGELES, April 14.—John C. Bedford, who came to California with his parents in 1849, died at his home here, aged 80 years. At one time he rode the pony express between San Francisco and Sacramento. He is survived by a widow and six children.

Clara Skarin Now Roadhouse Hostess

SEATTLE, April 14.—Clara Skarin, admitted here a few months ago of the murder of Ferdinand Hochbrenner, is hostess at a roadhouse between Seattle and Tacoma, a reporter has discovered. Miss Skarin, who was arrested in Oakland, Cal., said:

"After my acquittal I went about looking for work. I tried a dance hall in Seattle, but decided not to stay."

PARISI GOES TO SAN QUENTIN

FRESNO, April 14.—Displaying emotion for the first time since his arrest, Mauro Parisi, sentenced to be hanged for the murder of Felix Paladino, broke down and wept last night when he was taken from the county jail to San Quentin penitentiary. Hearing an attempt to liberate Parisi, Sheriff Jones maintained secrecy about his removal.

WINE BANQUET OF LEGISLATORS WILL BE PROBED

Federal Agents Give Grand
Jury Evidence of Tuna
Interests' Fete.

SAN FRANCISCO, April 14.—"Lawbreaking lawmakers" are to be made the subjects of a federal grand jury investigation in connection with the wine banquet at Sacramento which representatives of the Japanese tuna interests are alleged to have given members of the state legislature, prohibition officer Samuel F. Rutter announced today.

Federal agents who have been working quietly in Sacramento for more than a week, have obtained the names of the senators and representatives who attended the party, as well as those of the Japanese hosts, Rutter said.

These names, together with other evidence concerning the banquet, will be turned over to United States District Attorney John T. Williams, who will be asked by Rutter to conduct a federal probe into the whole affair, according to Rutter.

The "wined" banquet followed the defeat in the legislature of the anti-Japanese fishing bill. The Japanese who provided the dinner are said to have been active in lobbying against the proposed measure.

Alameda's Woodmen Going to Pittsburg

ALAMEDA, April 14.—Alameda Camp No. 13,525, Modern Woodmen of America, including camp officers, drill team, band and members of the lodge will journey to Pittsburg tonight to be the guests of Black Diamond Camp of the order. The Alameda Woodmen will confer the lodge degree upon a large class of Pittsburg candidates at their zone class adoption.

WILSON OPPOSES

HANDING 551 AND
ON WORLD COURT

Ex-President Disapproves of
Conditions for Joining
Tribunal.

By GEORGE F. HOLMES,
International News Service Staff
Correspondent.

WASHINGTON, April 14.—From his quiet red brick house in S street, where he keeps his flag on the pole and his political affairs to a far greater degree than is generally known, came the voice of Woodrow Wilson today, announcing his disapproval of America joining the Permanent Court of International Justice under the program of conditions prepared by President Harding, Secretary Hughes and Secretary Hoover.

The United States should either go in or stay out unconditionally, Wilson believes—thus maintaining the identical position he assumed toward the League of Nations covenant during the memorable Senate fight of three years ago.

Wilson's views became known today through the medium of a letter written to Representative Arthur B. House (D., of Kentucky). It was in reply to a communication from Representative House, requesting his views on the conditional adherence to the court proposed by the President in his message to the Senate recently.

"I do not approve of the conditional, but of the unconditional, admission of the United States to the world court set up under the League of Nations," said Wilson's brief communication.

To do otherwise than adhere unconditionally would, in Wilson's opinion, be inconsistent with either the name, the honor or the courage of the United States in international affairs. If the United States is to take advantage of the opportunities afforded by the court, then it should be willing to assume its full share of responsibilities under the covenant of the League of Nations, he asserted.

LETTER CAME AS SHOCK.
The Wilson letter came somewhat as a shock today to both Democratic and Republican political circles about the capital, setting just now in controversy over the court issue, containing, as it did, an intimation that the influence of Wilson may be thrown against ratification of the Harding-Hughes-Hoover program when it comes to an issue in the next Congress.

It has been confidently expected, and, in fact, Democratic leaders all around the capital have frankly declared that Democratic support will be accorded Harding's international court proposal in the Senate. Democratic Senators unhesitatingly voiced their approval of the Harding message at the time it was delivered, and heralded it as a first step in the direction of eventual American entrance into the league.

Closing Arguments
In Jacobs Trial
SAN DIEGO, April 14.—Closing arguments were made late yesterday in the case of Dr. Louis L. Jacobs, charged with the murder of Fritz Mann, dancer. Superior Judge Marsh, presiding at the trial, announced that there would be no session of court today and that he would instruct the jury Monday morning.

EAGLES GIVE DANCE.
RICHMOND, April 14.—The Point Richmond Aerle of Eagles is giving a dance at the Point Opers house tonight. The funds will be used towards paying expenses of the drum corps at the state meeting in Eureka. The committee is composed of Frank Cerridoni, Victor Perrelli, John Perrelli, Pete Van Granzella, W. M. Christian and J. C. Feulner.

HOW TO FORGET
TROUBLES
A team like Jack Dempsey knocks down his opponent.

Troubles deal blows both in the head and stomach—and they hurt the stomach more than they do the head!

Troubles give the stomach indigestion, slow up the liver—and then follow constipation and biliousness.

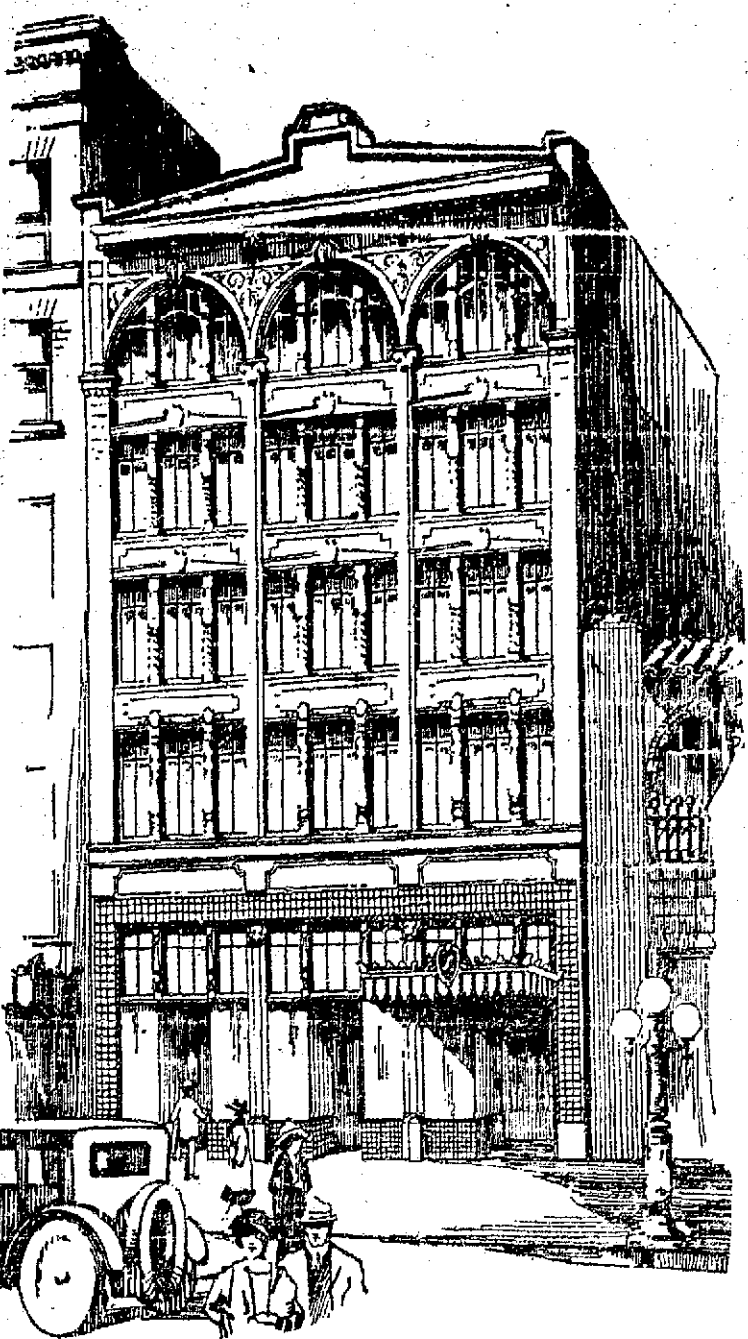

The way to get rid of troubles is to invigorate digestion, stimulate liver and bowels and tone up the entire system. The best way to do this—has been for the past 80 years—is to take Becham's Pills.

Then you will feel so good that "troubles" become merely problems, to be solved readily by the clear, keen brain of health.

At All Druggists—25c and 50c

Another Peak in Skyline

Architect's drawing of the proposed \$80,000 ADVERTISERS' BUILDING, ground for which has been broken on north side of Thirteenth street, near Webster.

RICHMOND

Referendum Rules
Adopted By Council

RICHMOND, April 14.—Discussion of the initiative, referendum and recall consumed the time at the meeting of the board of freeholders last night. Hereafter, by the terms of a clause adopted, the city clerk will designate places where petitions may be signed. One petition will be available to every 1000 voters, based upon the last election. The petition to invoke the initiative, referendum or recall must be signed by 1 per cent of the voters at the election immediately preceding before it can be considered by the clerk and action taken.

BIDS PREPARED FOR TEMPLE.
RICHMOND, April 14.—Several architects are preparing bids to be submitted to the Masonic hall association for the proposed Masonic Temple at Nevin avenue and Seventh street. The Masonic bodies of this city, numbering approximately 1800 members, say they will go ahead with the work this year.

EDITOR TO CONDUCT SERVICE.
RICHMOND, April 14.—Rev. E. J. Carstensen, assistant editor of the "Vestustan," Swedish newspaper of San Francisco, will conduct an evangelical service in the Swedish tongue at the Baptist church of this city tomorrow afternoon at 4 o'clock.

EASTERN STAR PLANS PARTY.
RICHMOND, April 14.—Point chapter, Order of Eastern Star, will give an old-fashioned Southern "shoe-down" costume party the evening of April 21. There will be dancing and music and the doors will be opened to the public.

CLUB PLANTS TREES TUESDAY.
RICHMOND, April 14.—The South Richmond Improvement club will join the movement for a "city beautiful" by planting ornamental trees in the grounds surrounding their club house next Tuesday. Mrs. Ed. Dolan will direct the work.

WILL GIVE PLAYLET.
RICHMOND, April 14.—"Big Brothers' Night" will be celebrated by the Richmond lodge of Junior Elks on next Thursday evening. The Junior Elks are going to put on their comedy offering called "Knights of the Road," and will augment their program with music. The committee is headed by Robert Glush and will welcome all to come to their party.

WAR DAUGHTERS MEET.
RICHMOND, April 14.—The Daughters of Civil War Veterans met yesterday at the home of Mrs. Sarah Brown, 1023 Nevin avenue, where the aides to the department chief received drill instructions. The instructor was Mrs. Graham, department chief of staff. The Richmond aides are Mesdames Tyler, Gerlach, Rosie Rosier, Eliza Coby, Ivy Dietrich, Grace Brown, Brown, Fitzpatrick and Gildgold.

America Daughters
Give Ball Tonight

RICHMOND, April 14.—The Daughters of America, a woman's organization auxiliary to the Junior Order of United American Mechanics, will give a ball at East Shore park this evening. In the grand march, American flags will be borne aloft by two cadets from Richmond High school.

EXCHANGE DEDICATED MAY 11
RICHMOND, April 14.—The new home of the Builders' Exchange of Contra Costa county, now nearing completion in this city, will be dedicated Friday, May 11, it was announced by the exchange.

Violations will be extended to similar bodies throughout Northern California and an effort made to have present a large contingent of the affiliated bodies of Oakland and other Eastbay cities, according to Secretary L. C. Drater.

GROUND WILL BE

BROKEN MONDAY
FOR STRUCTURE

Advertisers' Building on East
Thirteenth Street Starts
Into Being.

Ground will be broken Monday for the erection of a five-story building on the north side of Thirteenth street, east of Webster street, at a cost of \$80,000. The structure will be known as the Advertisers' building and is being constructed by the Advertisers' Building Company, Inc. It will be of steel frame and concrete with stores on the ground floor and offices on the other floors.

The building has been designed to take care of the advertising crafts, with special attention to the pictorial side and is the first building of the kind in Oakland. The Advertisers' Building Company consists of George Hoffschneider, Arthur Hoffschneider, Frank Kristan, David J. Kelly, Henry J. Mahoney and August L. Gerhard. George Hoffschneider is president of the company; Frank Kristan is vice-president and August L. Gerhard is secretary-treasurer.

The incorporators are owners of the Hoffschneider Bros. Electrotape Company and the Phoenix Photo-Engraving Company.

John C. Williams is architect and builder in charge. The building is expected to be completed about September 1.

Gerhard said today that he and his associates were convinced that Oakland is on the way to a tremendous future. "We believe that now is the time to build in Oakland," Gerhard said. "We believe that Thirteenth street is destined to grow as rapidly as any other part of Oakland and that we are merely paving the way."

One of the main things that influenced us was the construction of the new TRIBUNE building. We were looking about for a site when The TRIBUNE began operations and we then decided to build upon the Thirteenth street site."

Bigamy Puts Aged
Pioneer in Prison

SALEM, Ore., April 14.—J. B. Weatherell, 75, of Sumpter, Ore., arrived at the state penitentiary today to serve two years for bigamy. He said he has been on the frontier 50 years and had never been arrested before. Weatherell is a mining man and wealthy. He was almost in a state of collapse when he was "dressed in" and sent to the prison hospital.

ELKS BOWL TONIGHT.
RICHMOND, April 14.—The Junior Elks' bowling team will go to San Francisco tonight and bowl against the Antlers, Junior organization of the San Francisco Elks' lodge. Those who will bowl are Hecker, Randall, Healey, Morrison, Savin and Wells.

Watch Your Tax Bills!
They Tell the Story of
High Taxes

The cost of running Oakland's city government has increased \$3800 a day since the present administration took office eight years ago. The tax rate is 40 cents higher.

Dave Oliphant, candidate for Mayor, promises to cut the tax rate by installing an EFFICIENCY PROGRAM at the city hall.

He's capable, energetic, progressive, has business capacity, and will save you thousands of dollars by giving a forward and economical administration without affecting the legitimate expenditures necessary for the upbuilding of the city and without cutting the salaries of city employees.

The following figures are taken from the last annual report of the Auditor:

During the first term of the administration the total expenses of all departments annually was \$2,822,997.91. During the present term the annual expenses have been \$4,213,900.67.

This shows an increase of \$1,390,902.76 a year or \$3000 A DAY in the cost of city government.

The Administration Has Failed to
Reduce Your Taxes

Spokane "Citizens' Committee" Demands Action From
Washington Officials.

SPOKANE, April 14.—The "Citizens' Committee" of Spokane, headed by H. C. Harris, prominent Democrat, which is circulating petitions demanding a probe of official and police society at the nation's capital, today waved a listful of "evidence" at Washington temperance officials and declared there was more where that came from.

In a telegraphed reply to a wire of inquiry from Wayne B. Wheeler, legal adviser of the Anti-Saloon League, which asked Chairman Harris for "specific charges," the latter called Wheeler's attention to published charges made by Mrs. Miles W. Foindexter, wife of the ambassador to Peru.

Thursday Harris wired Wheeler Mrs. Lenna Low Yost, national legislative representative of the W. C. T. U. at Washington, and Roy Haines, national prohibition commissioner, asking them to join with his citizens' committee in urging the Department of Justice to initiate a probe of Washington society.

In his reply to Wheeler Harris quotes a letter received from Herbert E. Wright, Hollywood, Cal., declaring that the American Legion is in possession of information that wine from a hospital in California, a building which was to have been purchased by the federal government for the veterans' bureau, had been taken to the White House at Washington.

He also quoted from a speech made by Clinton W. Howard, temperance worker, at Rochester, N. Y., February 24, who had declared, according to Harris, that a private stock of liquor has been taken into the White House in violation of the spirit of the constitution.

"If these charges are not sufficient to warrant the calling of a grand jury investigation," Harris wired Wheeler, "we have more."

WOODMEN PLAN GRAND BALL.
RICHMOND, April 14.—The Modern Woodmen of America at their meeting last night appointed committee chairman for their grand ball to be held May 25 in Redmen's hall. They are: C. V. Mallory, advertising; H. McDonald, entertainment; C. P. Necker, finance. An adoption class will be held May 18.

NO OPERATION
FOR HER

She Took Lydia E. Pinkham's Vegetable Compound and Escaped the Operation Doctor Advised

Louisville, Ky.—"I wish to thank you for what your medicine has done for me. I was in bed for eight or nine days every month and had a great deal of pain. The doctor said my only relief was an operation. I read of Lydia E. Pinkham's medicine and tried the Vegetable Compound and the Sanative Wash, and they surely did wonders for me. I feel fine all the time now, also am picking up in weight. I will tell any one that your medicines are wonderful, and you may publish my letter if you wish."—Mrs. Ed. BOHNLEIN, 1130 Ash St., Louisville, Ky.

Backache, nervousness, painful times, irregularity, tired and run-down feelings, are symptoms of female troubles. Lydia E. Pinkham's Vegetable Compound should be taken whenever there is reason to fear such troubles. It contains nothing that can injure, and tends to tone up and strengthen the organs concerned, so that they may work in a healthy, normal manner. Let it help you as it has thousands of others. It is now selling almost all over the world.

WEDDING NEAR GIFTS RAIN ON FIANCEE OF YORK

One of World's Most Sumptuous Wardrobes Already in Preparation.

LONDON, April 14.—(By The Associated Press.)—When Lady Elizabeth Bowes-Lyon takes up her abode with the Duke of York after the wedding April 26, she will have one of the most sumptuous wardrobes in the world, as well as a wealth of priceless jewels and enough furniture and gifts to fill a dozen homes.

Modistes of New York, Paris, London, Rome and even far-off Australia are contributing their skill in the creation of the bride's trousseau, which some say is richer than that prepared for Princess Mary. The future duchess already has 65 gowns and an endless variety of tea, evening and sport frocks, as well as numberless furs and hats. Even Americans and Canadians are remembering the couple as evidence of their friendship and good wishes.

On her wedding day, the bride will wear a wreath of orange blossoms, the gift of the Canadian Club of Florida. The most costly of the gifts is a series of pearl and diamond necklaces of unrivaled beauty, and a wedding ring of pure Australian gold which have been bestowed on Lady Elizabeth by the Duke of York.

Most unusual of all presents is a clock which indicates the day of the week and of the month and the phases of the moon. After striking each hour, it plays a march. On the dial is a representation of Whitehall and figures of the king, queen and all the other members of the royal family pass around in a gay procession. As becomes a Scottish clock, no marches are played on Sunday and on that day there is no procession. The clock is the gift of the city of Glasgow. It was made in 1804 for King George III.

Another novel gift is an illuminated address of congratulation from 40,000 boys of the Young Men's Christian Association. Fourteen huge wedding cakes, with a combined weight of 2800 pounds, already have been presented to the bride and another is en route from Montreal.

Tea for Visitor And June Bride This Month

In compliment to a bride-elect, Miss Mary Waterhouse, and a visitor from Portland, Maine, Miss Katherine Farnham, who is the house guest of Miss Olive Wrenskjold, a tea will be given the afternoon of April 28 by Miss Wrenskjold at her home for a large number of guests. Miss Farnham attended the University of Wisconsin where she is a member of the Alpha Phi sorority and is now touring the United States with her mother, Mrs. H. F. Farnham.

Miss Waterhouse is the daughter of Mr. and Mrs. Charles J. Waterhouse of Jayne street and her marriage to Allen Kier McGrath of Berkeley will take place the first of June.

Cards are out for a bridge which Miss Edwina Owen, daughter of Mrs. Edwin Warner Owen, will give at her home in Webster street Saturday, April 21. There will be two honor guests, Miss Madeline Cook, who is a sorority sister of the hostess and fiancée of Marshall Evans, and Mrs. Charles Honeywell (Lorene Kinney). Half a hundred will play bridge or call at the tea hour.

Mr. and Mrs. Edward G. Soule of this city have motored to the southern part of the state and are guests at the Ambassador, Los Angeles.

In Martinez this evening the marriage of one of the most popular college girls, Miss Winifred Tinning, and James Goodman Noyes of Napa will take place at the family home. The betrothal of the couple was announced a few months ago at an elaborate dinner at the Mt. Diablo Country Club.

The bride-elect is a member of the Kappa Alpha Theta sorority and was associated with Miss Anna Morgan in reconstruction work in France. She is a sister of District Attorney A. B. Tinning.

Noyes is associated with a large lumber concern in Napa.

BIRTHDAY PARTIES FOR CHILDREN.
Mrs. Walter Frick is to be hostess at a birthday party for children April 25, the little honoree to be the daughter of the hostess, Jane Frick, whose fourth anniversary it will be. The party will be at the home of the Fricks at Stanford Court apartments.

The home of Mrs. Kathryn Brown White in Vernon Heights was the scene of a delightful children's party this afternoon in honor of Master Billie White's birthday, twenty of his young friends assembled about the daintily appointed tables.

Bridge and mah jongg were the diversions this afternoon at the home of Mrs. Harold Jewett, who entertained for Miss Nellie Adams, sister of Mrs. William Cavalier. Miss Adams has been studying nursing at Lane hospital and plans to continue her profession on this side of the bay.

Miss Bernice Kimball was hostess at the J. Francis this afternoon at tea for Miss Virginia Shaw, whose engagement to Mason Emory Franklin of Sacramento was announced but a short time ago.

MISS INEZ RAMSAY, attractive member of the younger set.

the bridal party at the wedding of Miss Amy Beth Payson this summer.—Boye photo.

Places were set for twenty four guests, among them the members of Miss Shaw's bridal party.

Miss Marion Peterson was hostess today at tea at the Hotel Rafael, coming from her home in Santa Rosa and including in her guest list friends from all of the bay cities. Miss Peterson was a former student at Miss Farnham's.

At the Palace today Miss Frances Seso was hostess to a group of the college set, gathering together many of her most intimate friends.

Miss Betty Rice is entertaining this afternoon at her home in Terrace street in honor of Miss Katherine Brokhausen, who is engaged to Frank Bertrand Stratton. Bridge and tea were the diversions.

SCOTS PLAN PLAY

ALAMEDA, April 14.—"The Hottentot," a comedy-farce, is to be presented by the Alameda Pyramid No. 8, Ancient Order of Scots, in the Neptune Palace theater in this city Tuesday and Wednesday night, May 1 and 2, according to the announcement of the committee in charge of the night.

FOURTEEN BALLOONS ENTER.
WASHINGTON, April 14.—Fourteen balloons will start in the race at Indianapolis July 4 to determine the three American entries in the international contest to be held in Belgium next September, the National Aeronautic association announced yesterday in approving the date of the Indianapolis event.

English Club Gives

BERKELEY, April 14.—As their only production of the season, members of the English Club of the University of California will present Shakespeare's "Richard III" tonight in the Greek Theater. Well known campus Thespians will take leading roles in the play. Blisworth Stewart, who achieved distinction for his work in "The Faithful" at the Berkeley Playhouse and for other interpretations will be seen in the title role in tonight's performance. Playing opposite him will be Laura Straub, thenela, as "the queen." Miss Pauline Traylor, also appearing in the Parthenia this week will be "Duchess of York."

Others in the cast are Richard Ehlers, who will be "John of Gaunt"; Robert Ross as "Bolingbroke"; Ingemar Hoberg as "Hotspur" and Mildred Heavey, Magdalen Gilt, Dorothy Whitney, Robert Hutton, John Eldredge and Harold Ervin.

They are in the THE TRIBUNE tell them so.

TWO WEEKS OF SUFFICES BOY

BERKELEY, April 14.—Two weeks of "adventure" were plenty for 13-year-old William Turney, 2931 Acton street.

While police of the bay cities were searching for him after a fortnight's absence, William returned home yesterday. The youthful adventurer disappeared after telling classmates at the Burbank school that he was tired

of teachers and studies. His mother telephoned the police and

Yesterday afternoon a penitent and hungry William appeared at his home. He had been "down the country." He informed inquirers. He will start back to school Monday.

An Administration Of Achievement

If you are a voter in the City of Oakland—If you want to see Oakland take her proper place among the nation's largest cities—If you realize the era of prosperity Oakland now enjoys, and if you can visualize the tremendous possibilities which confront this community—AGAIN entrust your city and its future to the man who has placed it in the front rank of America's fastest growing cities, and

RE-ELECT

Mayor John L. Davie

The following is a brief summary showing some of the accomplishments of the Administration:

HARBOR IMPROVEMENTS.

Dredged new ship channel to outer harbor; extended W. 14th street one mile to western waterfront, making 100 acres additional factory sites and providing solid roadway for Belt Line, rail and vehicle traffic; building new wharf at foot of Castro Street to cost \$225,000; built new Livingston Street lumber wharf; rebuilt Harbor dredge; built new dredge; built floating piledriver; dredging Lake Merritt; constructing Lakeside Drive, now filling and reclaiming \$6,000,000 worth of land, area 100 acres, below Auditorium; built bulkhead to retain material used filling land.

STREET DEPARTMENT.

Re-paving, repairing, opening and widening streets in all parts of city, including Hobart St.; Telegraph Ave.; Grove St., 2nd to 12th Sts.; 11th St.; 14th St.; E. 14th St.; 15th St.; 17th St.; Jefferson St.; 20th St.; Oak St.; Alice St.; E. 12th St. Total cost to city, public street proceedings, \$369,000. Complete motorization. 500 street lights including changing from gas to electric light. Now planning downtown "White Way."

PARK DEPARTMENT.

Purchased new museum site (4.2 acres) for building to house world famous Snow African collection. Plans for museum building prepared. Improved Lakeside Willow Park; Lakeside Park; Peralta Park (Auditorium grounds); Elmhurst Plaza; Joaquin Miller "Hights;" built cascades; established new nursery in Lakeside Park; completing band stand; beautifying City Hall Plaza.

FIRE DEPARTMENT.

Installed two-platoon system, doubled number of men, increasing department efficiency. All apparatus modernized and rebuilt; new equipment bought at cost of \$70,000; now completely motorized. Installed 125 fire alarm boxes, 250 fire hydrants. Insurance rates reduced 22½% in residential, 5% in business districts. Fire prevention bureau established, saving immense property loss annually.

CIVIC AUDITORIUM.

Placed on paying basis, revenues increased 100%.

CITY BUILDINGS.

Built three new fire houses. All old fire houses rebuilt to meet motorized conditions and increased efficiency. Tax office moved from ninth to first floor, City Hall.

NEW INDUSTRIES.

300 New Industries located; capital investment Fifty Million Dollars; includes such nationally known industries as Shredded Wheat Co.; Chevrolet Motors Co.; Mazda Lamp Works; Durant Motor Co.; General Electric Co.; Pacific Diesel Engine Co.; Continental Can Co.; Fisher Body Co.; U. S. Light and Heat Corp.; Star Motor Co.; National Lead Co.; Palmolive Co., and many others.

RECREATION DEPARTMENT.

Sierra Recreation Camp established and completely equipped with all sanitary living facilities to accommodate 500 people. Purchased Municipal Golf course, 244 acres. Complete 18 hole links constructed, and will be open to public July 1st, 1923. Total cost, \$80,000. Purchase of land and equipment for West Oakland playgrounds at 5th and Peralta, and 3rd and Linden, \$10,500.

HEALTH DEPARTMENT.

Inspects yearly hundreds of thousands of livestock, last year condemned 2088; inspected 13,310,404 lbs. dressed meat, condemned 23,218 lbs. Dairies inspected regularly; 100 small dairies in radius 100 miles inspected monthly. Oakland is one of most healthful cities in U. S.

POLICE DEPARTMENT.

Factionalism removed; efficiency increased 100%; now best in U. S. Fifty men added to department.

CITY GROWTH.

	P. O.	Bank	Bldg.	
	Population.	Receipts.	Clearings.	Permits.
1915	163,429	\$ 521,846	\$188,464,820	\$ 5,045,289
1922	172,000	1,023,471	500,000,000	47,700,000

Paid off over \$5,000,000 interest and redemption on bond issues incurred by previous administrations

Last two years have had complete harmony in City Council: Constructive, Progressive, Government

ECONOMY AND EFFICIENCY COMBINED WITH SOUND BUSINESS

In spite of program of broad development and expansion, Mayor Davie has reduced the tax rate nineteen cents per hundred below that of 1921.

Y GIRLS RAISE CHEST QUOTA BY GIVING PROGRAM

"Old Sweetheart of Mine" Is Presented by Residents of Fourth Floor.

Girls living on the fourth floor of the Y. W. C. A. boarding home at 1914 Franklin street raised their quota for the Community Chest by means of a program of singing and dancing numbers and tableaux, which they presented in the downstairs rooms of the boarding home last night.

The program was the second of its kind to be given in the boarding home in connection with the Community Chest campaign, the girls on the second floor having raised their quota recently by similar means.

The principal feature of the entertainment was a tableau, "That Old Sweetheart of Mine," presented by the following cast: A college maid, Lillian Brown; an actress, Alice Ferreira; the bride, Myrtle Heal; a widow, Bessie Skilling; a wino, Gertrude Jackson; a sports girl, Julia Keller; a summer girl, Anna Kreig; a debutante, Marion Mitchell; and the bridegroom, Eva Chapman.

Other numbers on the program were a Spanish dance by Myrtle Heal and Robert Madden; song numbers by Grace Cuthbertson, and a tableau, "Four Old Maids," by Eva Chapman, Bessie Skilling, Gertrude Jackson and Julia Keller.

Oakland Man Joins Mountain View Firm

MOUNTAIN VIEW, April 14.—R. Owen, formerly secretary of the Seventh-Day Adventist Conference at Oakland, has accepted a position as secretary of the H. C. Auto Parts Corporation of this city, and has already entered upon his duties. R. W. Scholtes, formerly secretary of the local concern, has given up that job to take a position as salesman for the same firm, and plans to go out into the field and try to sell the products of the local plant.

Baptist Young People Union Stages Farce

SUNNYVALE, April 14.—The Baptist Young People's Union presented the farce, "His Uncle Niece," with great success before a large crowd at Mayfield Tuesday night, for the benefit of the Mayfield Methodist church. M. W. Berry took the title role. George W. Woodrich, Claude Alaman, F. F. Hoffman, and J. W. Weaver, Charles Fuller and Martin Fisher played the other roles.

WIFE CHARGES CRUELTY. RICHMOND, April 14.—Charging that her husband was extremely cruel, and that he sometimes remained away from home all night, Mrs. Ruth Cohn yesterday filed suit for divorce against David B. Cohn. The couple was wed in San Francisco in 1917 and have two children. The plaintiff asks for custody and for \$100 monthly alimony.

BYRON

BYRON, April 14.—Constable LeGrand, who suffered severe burns on the hand as a result of the fire that destroyed a third of the business district of Byron, is improving finely under the care of Dr. Hammond. Although a month has passed, the hand is just beginning to heal.

Mrs. A. Chalm, wife of Byron's prominent merchant, is visiting relatives in San Francisco and will be away a week.

Dr. Hammond was called in to treat the infant child of Mr. and Mrs. Thomas White, who was taken ill Monday. The infant is improving.

L. L. Turner, the Tracy contractor, who is building the Chalm house on Mt. Diablo, is living in one of the Wayne houses, with Mrs. Turner, and will remain here till the new bungalow is finished.

Dr. Stock visited the home of Mr. and Mrs. J. E. Bachus in New York on April 10 and left for home on April 11. The mother was formerly Iva Estes, sister of Will and Frank Estes.

Miss Beatrice Taylor, Berkeley girl, entertained several of her college friends over the Easter week-end at the home of her grandparents, Mr. and Mrs. Volney Taylor, an old-fashioned hayrack on a modern-day hayrack.

John Bendixen, keeper of the Clifton ferry, was taken to the hospital in Martinez Tuesday. He has been failing for some time, and now the old veteran will be looked after by the officials of the county institution in a way to make his remaining days comfortable. Tom Joherty will assume charge of the ferry, the counties of Contra Costa and San Joaquin arranging the expense of upkeep.

D. Rhoades, pioneer retired farmer, reports telephone peeps on his place are five feet high, and promise a great yield.

Mr. and Mrs. O. Scrofield of San Francisco were here this week looking for a small acreage in alfalfa. It is expected a deal will be made, and ten acres on the main highway selected, a part of the Preston holdings. The couple completed business on Monday and having a small delay.

H. A. Collins has accepted a position with the Columbia Street Works at Pittsburg. Mrs. Collins will remain for the present with her mother.

Girls Give Tableau for Community Chest

Members of the cast of "That Old Sweetheart of Mine," which was presented last night by the fourth-floor residents of the Y. W. C. A. boarding home at 1914 Franklin street to raise money for the Community Chest. Left to right: LILLIAN BROWN, ALICE FERREIRA, MYRTLE HEAL, BESSIE SKILLING, ELSIE HOESLIE, GERTRUDE JACKSON, and JULIA KELLER.

JEALOUSY GIVEN AS MOTIVE FOR RANCH TRAGEDY

STOCKTON, April 14.—Jealousy is given by Sheriff W. H. Hicks and District Attorney Van Vranken as the motive for the double murder and suicide near here yesterday when Joe Mett killed Sherman M. Joslin, vineyard owner, and Mrs. Joslin, C. M. Journe, employed as a cook on the vineyard, with a shotgun and then killed himself.

An investigation has revealed that two women left the ranch in the last few months complaining of the attentions of Mett. Mrs. Journe had been employed by Mett for two weeks. Joslin arrived recently, having business in other parts of the state.

The bodies were discovered by a Chinese employee who notified Herman Becker, another worker on the farm.

Becker stated that Joslin and Mett were quarreling at the breakfast table and that Joslin ordered Mett to leave. Mett dressed in his best clothes and took a shotgun, ostensibly to go hunting. The other men went to work on the ranch. Mett returned to the house and the killing followed.

Mrs. Journe was killed under a bed in a back room where she had doubtless fled to escape.

Fireguard Continued For Range Benefit
LIVERMORE, April 14.—The annual meeting of the Livermore Valley Stockmen's Protective Association will be held May 6, according to an announcement this week by President John McGlinchey.

The business of the meeting will be the election of officers for the coming year and the selection of patrolmen to patrol the hills, guarding against fires. The association members are expecting a hard year as the grass will be tall and thick this season and the patrolmen will necessarily have to be especially vigilant.

The association feels quite jubilant over the news that Governor Richardson has seen fit to increase his appropriation for the Forestry Service from \$34,000 to \$74,000. This increase will enable the department to continue with maintenance of the local association through Secretary J. J. Callaghan on Mt. Diablo will be kept on duty during the coming season.

Officers Elected by Santa Cruz C. of C.
SANTA CRUZ, April 14.—The

has unanimously elected W. S. Moore president for the coming year. P. M. Garrison was elected vice-president and Harvey Miller treasurer.

The matter of secretary-manager was laid over until the next meeting. A. J. Smith was called for the purpose next Monday evening.

Ray Judah, the recommending president, presented the recommendations of the old board and then offered his services to the new board as chairman of the committee, stating that he was willing to give his time and efforts to this important work, which practically involves the last out of the programs of work for the various committees in addition to the selection of their personnel.

Youth Fails to Identify Suspect
SANTA ROSA, April 14.—Efforts to identify Achille Aragonne, an alleged vagrant, as the assailant of 10-year-old Earl Waycott at the Waycott home, in Petaluma last Sunday night, proved unavailing yesterday. Jack Waycott, 15-year-old brother of Earl, who witnessed the attack, was brought here to confront Aragonne, but said he was not the man. The police will continue their search.

\$1,500,000 REPAIRED STRIKE.
GLASGOW.—The loss of property owners during the recent strike is estimated at \$1,500,000.

School Overhead Costs Are Cited Local Candidates Submit Figures

Creating a stir in proceedings of the Board of Education, a communication was received yesterday signed by E. C. Lyon, Nannie S. Kramer and I. F. Chandler, candidates for school director. The letter, addressed to the citizens' committee on the proposed bond issue for the Oakland public schools, follows in part:

Fellow Citizens—You have before you for your consideration a proposed bond issue for new school buildings. In connection with your study of it we desire to submit to you the data herewith given as to the expenditure of moneys by the Board of Education in the building program now being completed, under the old bond issue.

When the old bond expenditure committee, Mr. Frederick Kahn, chairman, mapped out the building program for the Oakland public schools, the promise was definitely made by that committee that the overhead costs on the school buildings, including architect fees and cost of the construction department, would not exceed 8 per cent. of the cost of the buildings. How well that promise was kept and how businesslike and economical was the arrangement made, you may judge from the following figures, covering the construction of these schools, the plans and specifications, which were prepared under the supervision of the original bond expenditure committee:

Schools	Am't. bldg. contracts	Total	Pct. overhd.
Allendale	\$21,399.00	\$2,927.76	13.7
Alameda	52,444.50	2,555.55	4.9
Alameda	25,177.00	2,773.29	11.0
Alameda	50,255.25	4,027.84	8.0
Alameda	26,325.00	1,531.19	5.8
Alameda	38,949.00	1,915.34	4.9
Alameda	39,369.00	2,555.55	6.5
Alameda	21,810.00	2,181.00	10.0
Alameda	47,154.75	2,372.25	5.0
Alameda	23,007.50	1,923.02	8.4
Alameda	43,756.00	3,800.83	8.7
Alameda	57,570.50	1,652.38	2.9
Alameda	25,237.00	1,153.04	4.6
Alameda	37,076.10	2,666.47	7.2
Alameda	69,973.00	6,515.63	9.3
Alameda	10,470.00	1,568.88	15.0
Alameda	48,902.00	2,998.01	6.1
Alameda	39,522.50	2,554.50	6.5
Alameda	35,103.00	2,538.30	7.2
Alameda	49,927.00	3,390.74	6.8
Total	\$886,429.20	\$65,055.77	7.33

We call your close attention to the fact that the total overhead on these schools was 7.33 per cent. Following the election of 1921 a new majority gained control of the Board of Education. Through the action of this majority the bond expenditure committee was forced to resign and a new Public Education Advisory Committee of 15 members was created. In January, 1922, on the advice of this committee the contracts with the supervising architect and the chief of construction were rewritten and the entire program of supervision for the building of the schools was changed. Mr. Fred Campbell, of the Board of Education, was then and is now chairman of the finance committee. Mrs. Georgia Ormsby was then, and remained until about a year ago, chairman of the building program committee. It was announced by these directors and members of the Public Education Advisory Committee that a program of economy was to be instituted.

We submit to you now the following figures covering the cost and the overhead on all school buildings that have been or are now being constructed under the plan set forth by the majority of the board, and under the new contracts made in January, 1922, with the supervising architect and chief of construction:

Schools	Am't. bldg. contracts	Total	Pct. overhd.
Alameda	\$ 76,066.00	\$ 7,450.60	9.8
Alameda	3,647.00	2,682.22	7.3
Alameda	5,749.00	4,458.47	7.8
Alameda	92,723.00	11,909.00	12.8
Alameda	43,088.00	4,459.68	10.3
Alameda	134,144.00	17,118.08	12.8
Alameda	236,163.10	31,069.31	13.2
Alameda	86,216.00	9,171.85	10.6
Alameda	128,204.10	20,290.07	15.8
Alameda	55,917.44	5,488.73	9.8
Alameda	95,922.30	10,957.29	11.5
Alameda	664,911.85	69,498.02	10.5
Alameda	545,936.80	54,834.39	10.1
Total	\$2,609,456.65	\$288,105.29	11.4

We now call your particular attention to the fact that the percentage of overhead on all buildings constructed under the supervision of the original bond expenditure committee was 7.33 per cent., and we call your attention to the fact that the percentage of overhead on all buildings constructed since the reorganization of the building program is 11.4 per cent.

The changes which these directors and committeemen made in the name of economy have resulted in an increase in the overhead on school buildings constructed under the new plan amounting to 3.71 per cent. on the total amount of money expended, \$2,609,456.65. Instead of a reduction of expenditure these figures, which are in the records of the Board of Education itself, show an actual increase in overhead expenses of \$96,810.84.

PICTURE ACTORS TERMINATE WORK AT PLEASANTON

Town Folks and Members of Company Had Impromptu Depot Reception

PLEASANTON, April 14.—The Famous Players-Lasky company, who have been in this city for almost three weeks "on location," bade the Pleasanton folk "au revoir" Thursday evening and left for Hollywood. The company took their departure in private cars that evening which were attached to the regular train going via Tracy and over a hundred persons turned out to see them off. The farewell reception accorded the company by the people of Pleasanton deeply affected the members who expressed themselves as most grateful for the courtesies extended them while they were here. The leading members of the company were given flowers; short talks were made, and cheers were given as the train pulled out.

One Pleasanton man said: "During the last three or four years the most interesting company have visited this section and remained here all the way from one day to three weeks, but of all the aggregations and the wide range of stars with included such celebrities as Mary Pickford, Blanche Sweet, Dorothy Phillips, Anita Stewart, Clara Kimball Young, Jack Pickford, Jackie Coogan, Douglas MacLean and others, who have visited here, no better company than the Lasky people have ever come to this city. No set of men have been any more responsive to local conditions than Bob Wagner and his assistants, and no greater comment has been heard of Pleasanton and her people than was given by the company.

"Pleasanton folk were accorded a splendid opportunity to get into the pictures and leading local citizens were seen in the pictures, getting enough local people to fill all the scenes."

That the company was gratified with Pleasanton's scenic charms was evident in Mr. Wagner's closing talk, in which he said: "I don't come back to write more of my stories in an environment such as Pleasanton affords. The company is returning to the studios full of the charm of your valley and we will tell the others who have been here what they missed."

Wagner's film "Fair Week" has promise of being a big success, and the many scenes taken here, the greater part of which were shown locally before he left, were splendid.

San Quentin Posse Captures Fugitives

SAN QUENTIN, April 14.—After an all day search a posse captured Roy C. Stevens, 23 years old, and James Richardson, each serving a 20-year sentence for robbery from San Francisco and the county of Kern, respectively. The men had climbed a tree and had secreted themselves in the branches. They said to escape under cover of darkness.

Approximately 18 months ago the men attempted a similar escape. Their failure then, however, was made while officers were engaged in preparation for the execution of Ullah Mohammed. At first it was thought the men had succeeded in clearing themselves from the prison environs. A sheriff's posse searched for two men, whose description tallied with that of Stevens and Richardson, in the vicinity of San Rafael.

Healdsburg Prune Yield Will Be Light

HEALDSBURG, April 14.—The prune crop in this district, the second largest producing section in the state, will be very light this year, according to early estimates made by buyers and growers and others closely interested in the prune industry. Present indications are that the crops of French and Imperial prunes will be much below that of last year, while sugar prunes will produce heavily. The light crop are attributed to three possible causes: frost, the long dry spell or the hot north wind during the month of March.

Ice Plant at Turlock Starts Manufacturing

TURLOCK, April 14.—The manufacture of ice commenced at the plant of the Home Ice and Cold Storage company this week. The plant will not be run at full capacity, according to Messrs. Ed and William Eaton, until next week.

Lodi Is Establishing Record For Paving

LODI, April 14.—Lodi is establishing a record for the number of her paved streets. The town of Newman, which claims to have more miles of paved streets than any other city in the United States in comparison to its size and population, will have to sit up and take notice. Newman has 867,776 square feet of paved streets, while Lodi has 3,273,680 square feet. The square feet of street paving per capita in Lodi is 499. The paved streets are all practically in good condition and are kept up. Plans are under consideration to pave more.

G. W. Austin Funeral To Be Held Monday

Funeral services for George W. Austin, former head of a firm, will be held privately Monday afternoon under the auspices of the Oakland lodge of "Elks." Austin died last Thursday. He is survived by a widow, Margaret C. Austin, and four children.

LIVERMORE C. C. IS CONSIDERING PUBLICITY PLAN

Proposal by Park to Park Highway Association Is Under Advisement.

LIVERMORE, April 14.—The Livermore Chamber of Commerce held a special meeting this week in the American Legion clubhouse. J. C. Hamilton of the Park to Park Highway Association addressed the meeting relative to obtaining twelve men in Livermore to join the association.

The Park to Park Highway Association has its headquarters in Denver and has been established in eleven western states for the last five years. Its object is to encourage the national government to keep the highways leading into the national parks in passable condition at all times and to direct the tourists as to the best routes to travel in order to see all the scenic points and national parks in the west. The association also maintains information bureaus in all of the larger eastern cities.

Tourists arriving in Ogden, Utah, are directed by the association over the Park to Park Highway which goes to Yellowstone and Glacier parks, thence to Portland and south to Mount Lassen and Sacramento and finally to Oakland. The second, or return part of the road takes the tourist through Livermore to Stockton, then to Yosemite Valley, down through the San Joaquin Valley to Bakersfield and through the Tejon Pass to Southern California. After touching at the Grand Canyon the tourist returns through Colorado to Denver. Every scenic point and historical monument in the west is covered by the highway.

The association plans to publish thousands of leaflets advertising the beauty spots and thriving cities on the Park to Park route and is anxious to secure enough memberships in Livermore so that the town can be well represented in the booklet which will be given away to any interested tourist.

M. T. Callaghan, president of the Livermore Chamber of Commerce, declares that while the publicity obtained is undoubtedly valuable, the question is whether or not the Livermore chamber can do better with the money that must be invested in memberships.

George Beck, E. W. D'Ombrain, and M. G. Callaghan constitute a committee that will investigate the proposition and report to the chamber as to the advisability of joining the association. The report will be forthcoming within a week.

Six Foot Girl, 11, May Leave School

HULL, Eng., April 14.—Her height of six feet enabled 11-year-old Minnie Sheldon to escape the trials of school and also saved her mother from jail. Mrs. Sheldon was summoned for not keeping the child in school. Minnie was the only witness called. She said the other children made her life miserable with taunts and that because of her rapid growth she was weak, nervous and unable to study. Therefore, she intended to go to school no more. Mother and daughter were dismissed by the court.

Lenine Is Given Limited Life Span

MOSCOW, April 14.—Though Lenine has again taken the helm of the Soviet state of state, he is able to work only three hours a day. The German specialists called to attend Lenine during his recent illness to him that he probably could not live more than a year, and that this period might be considerably shortened if he worked hard.

Reunion Planned By Scottish Rite

C. J. CLARK, unanimously elected Wise Master of the San Jose Chapter of Rose Croix on Tuesday evening. Photo by Businell, San Jose.

San Jose Consistory Prepares To Confer Degrees On May 25, 26 and 27

SAN JOSE, April 14.—Without a dissenting vote the officers of the San Jose Chapter of Rose Croix were re-elected to fill their stations for the ensuing Masonic year on Tuesday evening of this week. Following is the list of officers honored by the Knights: Rose Croix: wise master, C. J. Clark; senior warden, E. A. Abbott; junior warden, F. J. Gerlach; treasurer, J. W. Davy; secretary, L. P. Edwards; orator, J. W. Nixon; secretary, M. B. St. John.

At the same meeting it was announced that the date for the next reunion at which the degrees of Scottish Rite Masonry from the fourth to the thirty-second, inclusive, will be conferred, will be held May 25, 26 and 27. Congressman Arthur M. Free, who is just back from Washington, was invited to address the San Jose bodies on the Towne-Sterling bill. It is planned to arrange a meeting for the near future at which Free will speak in detail on this subject.

Capital Punishment Beaten in Debate

SANTA CLARA, April 14.—Opposing the abolition of capital punishment in California, the House of Representatives debating team of the University of Santa Clara defeated the Senate team of the same university last night in the annual Ryland debate.

WEDNESDAY APRIL 18, 1923

Read all the Advertisements in Tuesday's Tribune

Theme Will Be Curse of The Pharaoh

"The curse of Pharaoh" will be the subject of the sermon by Rev. Clarence Reed tomorrow at 11 a. m. at the First Unitarian church. The text of his sermon will be taken from the words recently expressed by the famous novelist and traveler, Sir H. Rider Haggard: "If God Almighty would permit a Pharaoh to murder people by magic means thousands of years after his death, these indeed, we are in the hollow of a hand of darkness."

Mr. Reed believes that a growing wave of superstition is sweeping over the civilized world at the present time that is even more menacing than that which was prevalent in Europe during the Middle Ages. Not only are new superstitions arising but old superstitions are being revived.

The Woman's Alliance announces the last of the series of illustrated lectures on the great cities of the world by Rev. Clarence Reed in Wendt hall of the church, Monday at 3 p. m. The subject of the lecture will be "Kyoto, the City of Temples." The lecture will be illustrated by slides which Mr. Reed secured while he was in Japan.

There will be a joint meeting of the Laymen's League and the Women's Alliance Friday at 3 p. m. in Wendt hall of the church to hear Dr. Ira N. Hollis, president of Worcester Polytechnic Institute, speak on "Democracy and the Spirit of Optimism." Dr. Hollis is a graduate of the United States

Ordains Paul Little Priest

REV. PAUL LITTLE of the Church of the Advent (Episcopal), was ordained Wednesday by Bishop E. L. Parsons at Grace Cathedral, San Francisco. Rev. W. R. H. Hodgkins of the St. Nicholas church, Berkeley, presided at the ceremony.

Rev. R. M. Trelease of All Souls Chapel, Berkeley, made the presentation. Dean H. H. Powell of the Church Divinity school and Rev. E. F. Gee of St. Peter's church, Oakland, also participated in the services.

Rev. Little will preach at both services at the Church of the Advent tomorrow.

Naval Academy, and served for fifteen years as an officer in the navy. He resigned in 1893 and was for twenty years a professor of engineering in Harvard University. In 1913 he was elected president of the Worcester Polytechnic Institute. Dr. Hollis is visiting various technological schools on the Pacific coast, addressing engineering clubs, and attending conventions. The public is cordially invited to the lecture.

DR. HANLEY TO PREACH. Dr. E. A. Hanley will preach at 11 tomorrow at the First Baptist church, Berkeley, on "Who is a Christian?" and at 7:45 will begin a new series of Bible stories, the first being "Moses." Class for men at 8:45.

Dr. Silslev's Subject Is "Hereafter"

Large congregations have been attending Dr. Frank M. Silslev's series of sermons at the First Presbyterian church on the subject, "Thine in the Great Hereafter." Tomorrow evening he will speak on the subject, "Knowing Our Friends in the Great Hereafter." What assurance do we have that Abraham will recognize Jacob in the great hereafter? How do we know that Mary Magdalen will know Christ in the great hereafter? How do we know that Moses and Elijah will recognize each other in the spirit world? Do wicked spirits as well as good spirits know each other? Is Conan Doyle's photo plate of spirits taken in Westminster Abbey authentic?

A popular song service of familiar hymns will introduce the evening service. Dr. Silslev believes in emphasizing good, strong congregational singing. The Temple Choir of 50 voices, under the direction of Walter B. Kennedy, will give the anthem, "I Am the Lord, Thy God," by Clifford Demarest, for bass solo and full chorus, and "Ascribe Unto the Lord," by A. E. Ball. For the offertory Mr. Kennedy will play Mendelssohn's "Song Without Words." The evening service will be closed by three organ numbers by Mr. Kennedy.

At the morning service the subject of the sermon will be "Pilate's Handwriting at the Cross." This is the second in a series of morning sermons on different groups at the cross which are proving very popular.

"Amoma Class" of the First Baptist Bible School

Senior high school and college girls constitute most of the big Sunday School class conducted by Mrs. J. E. Wasson at the First Baptist church. The class is educating a little native girl at one of the Christian schools in India. Della Leithold is president of the class which now numbers sixty members.

Photo of the Amoma Class, members of the First Baptist Bible School.

The First Baptist Bible school of this city not only claims the honor of having one of the biggest Young Men's classes in the Bay district, but it also has one of the largest classes of young ladies, the "Amoma Class," consisting mostly of senior high school and college girls. The class is taught by Mrs. J. E. Wasson, who is also active in the women's work of the church.

The present enrollment of the class is about sixty and the officers are as follows: Della Leithold, president; Maybelle Driscoll, vice president; Virginia Leathers, secretary; Carmen Anderson, treasurer; Chas. Wasson, visitor (for absence); Seryl Trow, librarian; J. E. Wasson, who is also active

OAKLAND DEN OF LIONS NIGHT

TOMORROW night at 7:45 the Oakland Den of Lions assembles in this church. Special musical numbers, besides those by the Charles Lloyd Chorus, include a saxophone solo by Willy Martin, and a special number by Eugene Blanchard's Lion Harmonizers—a male quartet. Two addresses by "Cubs" will round out a program of exceptional interest; first, "John Snape and Lionism" by William Stiel, president Oakland Den of Lions, and second, "A Type of Beautiful Deeds" by Cub John Snape. Public invited; but come early for good seats.

TOMORROW MORNING
Special service to observe the third anniversary of Dr. Snape's pastorate.

Every member should be present.

Address by Dr. Snape, "BY THE SPACE OF THREE YEARS."

Art Colored Scenes of Choicest Character Will Be Used by

MAURICE L. HERR, of New York

to illustrate his stirring address on the topic

"SATAN'S EMPIRE FALLING"

Millions now living will never die. Fifty-two beautifully illustrated Scripture texts with pictures selected from the finest art galleries of the world delight the audience and make the story of "God's Coming Kingdom" vivid and real. Mr. Herr presents the subject of the awakening of our loved ones from death with such loving pathos that at times there are no tearless eyes. You must not fail to see these wonderful pictures, for they will give you a new interest in the Bible and make clear the wonderful message of comfort and hope that "The International Bible Students' Association" of New York is now giving to the world.

EVERYBODY WELCOME.

Religion Is Life, Claims Dr. Dysinger

Dr. Wendell S. Dysinger of the First Lutheran church will preach tomorrow morning on the theme "Religion Is Life." Dr. Dysinger says: "Religion is a most intimate part of life. It is not an outside restraint on life. Neither is it a form which must be complied with. Its meaning is as broad as the meaning of life. When Christ taught religious truth, he found his great comparisons in the commonest facts of Eastern life. He saw the sower, the vine, the field full of tares. These common facts were as close to eternal truths that they contain the great teachings of the Master. 'The evening subject is 'What is That to Thee?' The question was asked of Peter by Jesus when Peter came, curiously and perhaps fearfully inquiring of the future of John the beloved. After all, religion is a personal matter. And no difference what the others may do, our own life is our responsibility first. Such a lesson Jesus gave to Peter very sharply."

COMMUNITY SERVICE
Elmhurst community service will be held tomorrow at 10 o'clock in Reimann's hall. Rev. Charles D. Wells, formerly of the First Christian church, Alameda, will preach at 11. The Sunday school will under the direction of Mrs. E. S. McCurry.

EXCITEMENT OVER SUGAR DECLARED DUE TO ACITATION

**False Rumors Responsible
For Shortage Scare and
Panic in 1920.**

Of McDonnell & Co.
Many people are asking about sugar shortage, so widely advertised by press misinterpretation of the Commerce Department's sugar survey, reported February 8. The pretension. There may be several hundred alleged that the department predicted, while leading sugar men stated there was no apparent shortage but there was no "production" of thousands of tons more than in 1912-13 about 2,025,000 tons more than 1918-19, and about 2,075,000 tons more than in '9-20.

AGITATION AND RUMOR.
Always agitation intensifies rumormongering.

scared the people even though conditions. Agitation, not economic conditions, precipitated the sugar shortage scare which resulted in the panic of 1920. Then as now the sugar interests did everything in their power to prevent the wild scramble which ruined their business for several years. Very likely the high tariff has much to do with increasing sugar prices, but the direct cause is agitation. The indus-

assumption of dividends seems to be in store for the better class of sugar concerns, regardless of the fact that one Manley, Publicity Director for Senator LaFollette's "People's Legislative Service," is keeping the pot boiling, and is reported to be selling White House secrets to the public. The Director of the Bureau of Foreign and Domestic Commerce, has said that Manley's statements and innuendoes regarding Hoover's relations to the

er raise. Manley considers the Federal Trade commission, the Tariff Commission and a dozen other governmental departments, not adequate to investigate sugar conditions. He wants the employment of outside investigators. Why add to the cost of living and the excessive taxation? Are the governmental commissions and departments not worthy? If not, for heaven's sake, abolish them, and cut down ex-

months are ahead—April to September, inclusive. The invisible supply in the hands of wholesalers and housewives is thought to be small. Refiners have been purchasing in small lots and have not large stock. The Cuban sugar men seem not

may be 300,000 or 500,000 tons less than in last season and European buying may be an important factor somewhat smaller than last year. It

hibition on domestic consumption until the illicit liquor business has been killed, and the people learn to observe the law, as they will. Usually sugar is consumed in large quantities when employment is general.

SATURDAY, APRIL 14, 1923

FULL VOTE NEEDED.

For the good of Oakland there should be a full expression at the polls on Tuesday. Important offices are at stake. Upon the choices made in the primaries will be determined in part who is to be mayor of the city, commissioners and members of the Board of Education. Some men will be elected on that day. The man who neglects to cast his ballot on Tuesday must accept the nominations, and the elections, of his neighbors and go to the polls in May to express his preferences in a field which others narrowed. It is just as imperative, if not more so, to vote at the primaries as at the city election.

Oakland is growing at the rate of 10,000 a year. It is welcoming new factories with each week. This year it is to choose a mayor, two commissioners and four members of the Board of Education. In the primaries on Tuesday each of these offices is being contested by no less than four candidates.

It has been a regrettable habit of municipalities to cast light votes at primary elections, a habit which is being overcome because of the effects of glaring examples of what may result. The heavy vote begets a stronger civic spirit behind the winners, it carries the evidence of city growth and of city consequence.

There is a duty in voting at Tuesday's primaries.

AMENDMENT NO. 1

Oakland police and firemen are asking that this city pay them as much as San Francisco, Los Angeles, Portland and all of the other important cities of the coast pay to their firemen and police. The request is reasonable and the arguments are sound.

Few persons will need to be reminded of the hazards in the occupations of these city employees. When an Oakland patrolman held at bay and captured a desperate criminal who had broken into a bank in a neighboring city and was making away with a large sum of money, no one needed to be told of the risks he ran. The patrolman exchanged shot for shot with the crook, who was able to hide behind the windshield of his automobile and the police man won. Thereafter came a notable decrease in the number of robberies.

Risk and heroism are in the daily life of the fireman and policeman. The files of a newspaper contain the record of lives these men have saved. In San Francisco the other day a traffic officer left his beat when he heard a shot, entered a store and felled a burglar who had just killed a man.

The hazards of the occupations of these men are demonstrated by the rates of insurance which they must pay and which takes so much from their salaries. Uniforms, equipment and upkeep of equipment cost more. The men in the two departments in Oakland are asking that those who have had one year of service be paid \$160 a month and that after two years the pay be \$165 a month. The question will appear on the ballot at the municipal primaries as Amendment No. 1. Since 1900 twenty-five Oakland firemen have been killed or permanently injured in line of duty; thirty-four Oakland policemen have been killed or permanently injured in the same time. They protect human lives and an investment of one hundred millions of dollars.

In Berkeley the firemen are presenting an amendment for salary raise, the justice of which is equally apparent.

COLD LIGHT.

Science is preparing a surprise for those who associate light with heat. Along separate lines progress has been made in producing the one with an almost imperceptible accompaniment of the other. Cold light, it is claimed, is now a reality.

About a year ago E. Newton Harvey of Princeton announced that he had isolated the substance which makes the fireflies glow. He

called it luciferin, oxidized it with digestive juices, and produced a pale but constant light. It is a substance which is found in large quantities and increase its economic advantages.

More spectacular is the reported success of Emile Riser, former chief of the laboratory at Strassburg, who has announced a discovery in another direction. Riser has coated a fine glass tube with a phosphorescent substance which, when an electric current passes through it, gives a dazzling light and almost no heat. Heretofore electric lights depended upon heating the filaments until they glowed. The reports of the Riser experiment say that an 18 foot tube of his dazzling light costs one-eighth as much as a twenty-five candle power electric bulb.

The benefits of cold light will be appreciated in warm weather. In laboratories where intense light is needed there will be need no longer for the accompanying high temperatures and it is also claimed beneficial reduction in eye strain will be a result.

RATE PROTECTION.

Announced determination of the Government to continue the operation of the Shipping Board vessels has had its effect in scotching a plan of foreign shippers to raise the rates on ocean freight. With an adequate supply of cargo space available a plan which was well formulated, in Great Britain at least, will come to nothing.

There is every indication that the British shipping interests intended to raise rates with the defeat of the Ship Subsidy bill. News of that defeat was met with marked activity in the shipping business of England. Then came the word that the United States was going to continue to operate the Shipping Board boats.

It is costing the country \$50,000,000 annually to have its vessels operated by the Government and the maximum required by the Harding shipping measure was \$30,000,000, a maximum which would not be reached for some years. That is an old story; the Harding plan was refused and now there must be an abandonment of the American business or a continuation of the \$50,000,000 annual bill. Probably it is worth the sum to the United States to guarantee there shall be no increase in rates by Great Britain on the eastern seaboard and by Japan out here. Certainly any appreciable increase in rates would take much more than that out of the country.

In proof of this claim one need to look only at what is being paid by American shippers to foreign companies now. Great Britain takes something like \$17,500,000 a month for freights. During the ten months ended October, 1922, vessels of the United States carried \$1,740,000, 000 worth of our imports and exports while those of Great Britain moved \$1,735,000,000. Included in these figures are the Great Lakes and tanker trade, so the actual overseas traffic would give England a little the best of it.

These are the figures which are convincing men who a few months ago refused to see the advantages in a subsidy which in time might reach \$30,000,000, that an annual expense of \$50,000,000 means money saved.

GETTING BACK.

The record of a return to normalcy is written in the Federal appropriations for the years since the war. So much noise has been raised by men and interests affected by the reductions and so much budget opposition has been expressed by politicians opposed to the administration, there is some confusion.

Appropriations for the fiscal year ending June 30, 1923, were \$6,515,966,649. Since then, with each year, they have dropped until the amount for the year ending in June, 1921, is \$4,706,777,163. In four years nearly three billions have been cut from national expenditures, that much progress has been made toward peace conditions.

The Government is realizing what states find out, that the greatest obstacle in the way of reducing expenditures is placed there by

budget has been met with tactics of obstruction each saving has been protested, but, for all of that, the administration has held to its purpose. The result will be a hastening of the process.

PUNCH AND JUDY.

Punch and Judy shows have been known in all countries and ages, although they have never attained the same popularity in the United States as in England. The hero has been recognized in Punch and Judy through the ages, and modern travelers have described entertainments of the kind in Persia, Japan, Turkey, India, Egypt, Syria, Siam, China and Tahiti. Everywhere the plot is much the same. There is always a policeman, a beadle, or a eunuch to be knocked about. Punch is always plagued by a scolding wife, although in England, up to the closing years of the eighteenth century, she was not called Judy, but Joan.

According to a statement made at a showman's dinner in London recently, there are now, each summer, three shows on the road in England to every one in existence twenty years ago. The modern British Punchman is usually born to the business. As a child he is taught to use the "call" or squealer—made of two pieces of metal cunningly bound with thread—by the aid of which Mr. Punch's high-pitched peculiar tones are produced. He acquires the specific art of playing on the pan pipes, an instrument composed of cane and corks that dates back to the time of Moses. He learns how to carve and model the figures—the best and the most realistic will last only about six months how to cut and fit their costumes, and the making, painting and decorating of the little box theater in which they perform.—San Francisco Chronicle

DON MARQUIS.

"TIGHTWAD" DEFINED.
Blasphemous! Government must do for us what we will not or cannot do for ourselves. For example definition of words. Daniel Webster knew what a "Tightwad" was, for he often borrowed money, and perhaps often merely tried to borrow it. But if Noah Webster knew he never told his "large-sized Webster's Unabridged."

Dr. Samuel Johnson also knew, but kept his information to himself. You do look in vain for light in any of the old dictionaries. The Bartlett Dictionary of Americanisms offers nothing. Springing into the breach the "United States Savings System" in a booklet supplies the precise significance of the common expression: "A Tightwad is a man (or, we may assume, a woman) who saves sixty cents of every dollar, and expends thirty-seven cents of the balance for living expenses, and one cent each for education, recreation and aims." For this reason, much thanks — Brooklyn Eagle.

ANOTHER SCIENTIFIC FACT VERIFIED

EXCERPTS from the NATIONAL PRESS

Chicago Tribune "William Jennings Bryan accepts the invitation of the president of the naval committee of the French senate to abolish the navies of the world. He told an audience in Miami, Fla., that he hoped the White House instantly would act on it. We know he would urge further that America should not wait for general agreement, but should scuttle its ships immediately. For air buoyancy to see a foolishness is to embrace it. His answer is simple and his activities are unceasing but nothing ever works above his eyebrows."

Kansas City Star "Several of the bigger railroads run fast trains for which excess fare is charged. If the train fails to reach the destination on time, the excess fare is refunded. Frequently, travelers say, the train runs a little late most of the way, until the passenger is led to believe he is going to get his excess fare back, and has his plans all made for spending it when, on reaching the terminus another engine is hooked on and the time is made up in the last forty or fifty miles. All railroads."

Oregonian "There is nothing to prevent women joining labor organizations but physical disability. They are in numbers of unions drawing the same scale of pay. Of course one will not look for them as blacksmiths, bricklayers or structural ironworkers and the like, but in the easy jobs—if any job is 'easy'—nothing can keep them out."

The inspiring word of encouragement given by Julian Arnold of the United States department of commerce, commercial attaché with the American legation, Peking, speaking at the meeting of the Lions and Kiwanis clubs, with the members of the Rotary, Exchange and Advertising clubs as guests.—Stockton Record.

Expenditures totalling probably \$100,000 have been authorized by the Pacific Gas & Electric Company for improvement of its service in Marysville and Yuba.

We people of the Three Cities don't have to. The facts are bigger than any words we could use to describe them. No we don't like to talk about ourselves, but—Have you read the report compiled by the Three Cities Chamber of Commerce on the growth of San Mateo, Burlingame and Hillsborough?—San Mateo News-Leader.

To become a famed dancer now a male person must pick up a female party and lift her skyward posing like one who has a big thing on his upraised hand and can't let it down too suddenly without bumping into something. All of which reminds us how we used to do that sort of a thing with an iron instead of a human dumbbell.—Hanford Sentinel.

By all means, let's not take off the motor officers! If the supreme court has made it impossible for the supervisors to hire these men, some other way should be found to meet the situation. The suggestion of the supervisors and the district attorney will probably afford temporary relief, that is better than none.—Woodland Democrat.

Stockton needs not worry about its future as a seaport because of its inland position. Shanghai, one of the great ports of the world, is removed from the coast by some distance, and one must go up two rivers to reach it. This was, in effect,

its Marysville substitution at a cost of about \$50,000, the installation of a new system of high pressure gas service for the Yuba City and the purchase of the Sperry Flour company's block.—Marysville Appeal.

The people of the San Joaquin valley are making welcome this week merchants and business men of Los Angeles, coming to this part of the state through the leadership of the Los Angeles Chamber of Commerce. We are glad as they are, to increase the opportunities for mutual usefulness, through more intimate acquaintance.—Fresno Republican.

Oakland is growing so rapidly that are long it may extend so far in this direction as to have to be annexed by Concord. In all the United States there is no city increasing in population and wealth with such leaps and bounds as Oakland.—Concord Transcript.

A hick town is a place where the fumes break right over the city lines and push their way directly up to the main street without regard for health ordinances.—Bakersfield Californian.

The most popular indoor sport now is that of being quoted on the front page of San Francisco papers as favoring that city for both national conventions in 1924.—Red Buff News.

Stockton needs not worry about its future as a seaport because of its inland position. Shanghai, one of the great ports of the world, is removed from the coast by some distance, and one must go up two rivers to reach it. This was, in effect,

HOMEWARD BOUND.

Standin' by the lee rail,
Gazin' at the sea—
Weather fair, and not a care
O' what becomes o' me
Molly Jane a-waitin'
On the 'Frisco pier,
Starin' at the Golden Gate—
God! Ain't women queer?"

Sailin' home from Nagasaki,
Hull-down all the way,
Half across the world and back
To San Francisco Bay.

Typhoon bearin' down astern,
Time to drink your grog!

THE SHRINERS' CONVENTION.
The following paragraph has been widely published in the mid-dle west.
"Washington, March 31.—Profiteering hotel keepers and landlords of Washington are planning to make a 'killing' during the Shriner convention here in June. It is true that the hotel men have had a meeting, pledging all members against any increase in rates during the convention, but the secret has leaked out that reservations in several of the leading hosteleries for convention week fix \$8 a day as the price for rooms now renting for \$5 a day, while \$12 a day will be charged for \$8 suites. There are hundreds of empty apartments in the city."

pect to make at least a month's rent during the convention week. This is a willfully false and malicious report, sent broadcast for the purpose of injuring Washington. There is no truth in the report that prices are to be advanced during the Shriners' convention. On the contrary, the business men of Washington have taken good

TODAY 20 YEARS AGO
The dual state convention of the Seventh Day Adventists is in progress today at the first church, corner of Twelfth and Brush streets.
Facing the assembled ministers of the Chicago Presbytery, William A. Cathlamet, former ball player, has submitted to the necessary examination to determine his qualifications for ordination as an evangelist of the Presbyterian church.

An Ordinance has been introduced providing that every person charged a license fee of \$3 a year when drawn from more than one animal and staying more than four persons.
A local inventor is working on a device to keep trains from telescoping in a wreck.

Why He Likes Rats.
A young chaplain found a convict feeding a rat. "Hi! So you have a pet, eh?" he inquired.
"Yes, sir," replied the convict, his hoarse voice softening, and a gentle smile illuminating his hard face. "I think more of this rat than I do of any living creature!"

The chaplain laid his hand on the man's shoulder. "In your man," he said, "there is something good if you can but find it. How came you to take such a fancy to the rat?"
"It bit the Warden, sir," the convict replied.

Visitor—Are these bears carnivorous?
Keeper—They was when they were brought here, mum, but I cleaned 'em all up with insect powder.—London Mail.

PERSONAL HEATH

By WILLIAM BRADY, M. D.
Meted Florida and Author
A SHOCKING CONDITION.

A young woman asks whether there is "anything to be developed in a person so full of electricity that at times she has shocked people by touching them and has given off sparks by touching brass door knobs or brass beds." She goes on to observe that as a human dynamo or condenser she has great power or influence over people she comes in contact with.

Another young woman asks what is the cause of "snapping back" electricity when her fingers come in contact with metals and sometimes wood or the electric light button or while dusting with cheesecloth.

Any schoolboy or schoolgirl who has had a term in physics, as every school boy and school girl should have, can answer these questions.

In cold weather, or in fair cool weather, or just clear weather even when it isn't very cold, when things are dry, it doesn't take much friction to generate considerable static electricity. For instance, by briskly rubbing the cat's back with a dry hand or dry cloth in a dark closet, provided the cat will stand for the experiment.

Some persons happen to have drier skins than others; these dry ones can put on quite a startling performance when the atmospheric conditions are favorable, not only shocking their friends but "drawing sparks" out of things they touch.

The phenomenon is purely a mechanical one, and has no bearing whatever upon personal "magnetism" or anything like that. I do not mean to compare these correspondents with the cat, but their electrical experiences are no more significant than the cat's so far as influence is concerned.

A great deal of misunderstanding is associated with this accident of static charge and discharge. It is mostly in the air, the argument and the electricity; in any event the individual who happens to be dry is more potent than one who does not charge anything.

Science has not yet decided just what electricity is, or at any rate no one has clearly defined it. Electricity is comparable with vitamins in that respect. No one has identified as a substance any of the presumptive food factors so designated, yet we do know that vitamins are indispensable to health, growth and life.

From tests made in the feeding of young animals we know that certain food substances contain the essential vitamins and that certain processes of nutrition, comminution, sophistication or "manufecture" of these food substances diminish their vitamin content or destroy the vitamins, without which the animals fail to thrive and grow and finally succumb, although the feed in other respects is adequate.

Likewise we know that electricity is not personally nor personally influence nor mental "magnetism" nor hypnotic power nor psychic control.

Played By Request.
"I note the paragraph on your mena wherein you state that the orchestra will play anything on request. Can you prove the assertion?"

"Yes" replied the manager. "Their repertoire is very extensive. What do you wish them to play?"
"Tell 'em to play pinocle until I have finished my meal, and I will be very grateful." —Everybody's Magazine

The people of the San Joaquin valley are making welcome this week merchants and business men of Los Angeles, coming to this part of the state through the leadership of the Los Angeles Chamber of Commerce. We are glad as they are, to increase the opportunities for mutual usefulness, through more intimate acquaintance.—Fresno Republican.

Oakland is growing so rapidly that are long it may extend so far in this direction as to have to be annexed by Concord. In all the United States there is no city increasing in population and wealth with such leaps and bounds as Oakland.—Concord Transcript.

SCHOOLS TO HELP DRIVE FOR CHEST

Children's Speaker Bureau Plans to Have Object of Community Chest Collection Explained in City Classrooms

Through the co-operation of the School Department, the Community Chest message will be presented in every classroom in the city. Announcement was made yesterday by A. M. Simmons that the organization of the Juvenile Speakers' Bureau has been completed and is in operation.

"As a result of the assistance and co-operation given by the School Department, a complete Juvenile Community Chest campaign organization is now in operation," Simmons said yesterday. "The Community Chest work has been made a part of the work of the pupils in the various schools. Problems in mathematics have been constructed with the Community Chest quota of \$186,326 and figures thereof. As a part of the work of the drawing classes, Community Chest posters were asked for. I regard the Speakers' Bureau as a distinct achievement. It is composed exclusively of pupils and through its co-operation speeches will be made in every class room, explaining the Community Chest and its work."

The Vincentian Relief Society was founded thirty years ago in this city. Its headquarters are at 634 Hobart street. The officers of the society are: Modestine, Dr. P. N. Morrison, president; Mrs. J. A. Kennedy, vice president; Mrs. Frank Shalun, secretary; Mrs. J. J. Cox, and executive secretary, Mrs. George W. McMaster.

"Its aim is the relief of deserving poor, irrespective of class or creed. Last year about one hundred families and several hundred individuals were given relief. The program of work for 1923 is the continued relief of destitute, with special emphasis on the care of boys or girls liable to become delinquent on account of neglect by parents; the saving of children, preventing abuse poverty by timely help.

"One of the cases which recently came under our consideration was that of a soldier with a wife and two children, who had been discharged and with \$14 allowance, living in a sunless room, with nothing in the way of comfort. The Associated Charities called our attention to the case. We rented a five-room modern cottage for him, furnished it and supplied the family with food for a month and thereafter saw that nothing was wanting till the family arranged their own life and was able to take care of themselves."

Berkeley Quota May Be Reached

BERKELEY, April 14.—With three districts still to be heard from total collections today for the Community Chest stood at \$114,200. The chest quota is \$182,755. Campaign Manager Roy R. Henderson said at noon that there was some hope that the quota could be completed before midnight tonight. Next Tuesday evening there will be a final meeting of the chest organization in the High School cafeteria. It is expected that the workers will then be able to report full quotas in all but three of the districts. Prof. E. S. Eakle's district, No. 10, is still high district, with total collections to date of \$12,133, or more than \$2000 better than the district quota. F. W. Wentworth's district, No. 11, has \$12,021 to its credit. Schools under leadership of Principal D. L. Hennessey of the Garfield school have more than 150 per cent of their \$2500 quota.

Collecting from the two Albany districts in charge of W. N. Viera and O. C. 31st district a total of \$2765 collected, close to Albany's quota. The Flying Squadron, under leadership of Frank N. Thatcher, have \$26,058 and are well over the quota.

Drama Class Soon To Put on New Play

ALBANY, April 14.—"Mr. Ricardo's Antique," form the pen of Miss Alfreda Monti, member of the drama class of the Alameda high school, is being rehearsed by the class for presentation at an early date. The cast to appear in the production has been announced by Miss Mary Calloway, instructor. The leading feminine role will be taken by the author and Cooke Faulkner will play opposite her. Other students appearing are Bernadine Buck, Julie Gary and Leslie Marquart.

BUREAU OF INFORMATION

"Will you kindly name the separate units in the Bureau of Internal Revenue for which individual examinations are held for the purpose of internal revenue agent?"
Income Tax unit and Estate Tax unit. Examination blanks are obtainable from the U. S. Civil Service Commission, Postoffice building, San Francisco.
"In what cities are there United States mints?"
The mints are at present established are situated at Philadelphia, San Francisco and New Orleans. There are assay offices at Carson City and Denver, but no coins are made in those cities.
"When was the mint at San Francisco established?"
The San Francisco Mint was established in 1852.
"Is it too late to plant potatoes?"
No.
"When is the best time to plant early potatoes?"
December, January and February.
"What is the seating capacity of the Oakland Auditorium?"
What is the seating capacity of the Exposition Auditorium in San Francisco?"
The Oakland Auditorium, proper, has a seating capacity of 8194. The Oakland Auditorium theater has a seating capacity of 1989. The Exposition Auditorium proper in San Francisco has a seating capacity of 12,000. It has wing halls on each side that can be opened up and each one has a seating capacity of 1000.
"Who appoints the commissioner that has the choosing of the trial and grand juries?"
Superior judges.
"In selecting the juries and submitting them to the superior court, from what source does he make his choice?"
Is it of his own choosing or are names submitted to him by the court?"
From the registered voters of the county a list of 65 names is made and of this list 19 are drawn to make up the Grand Jury. The Federal Grand Jury is selected by the clerk of the U. S. District Court and the Jury Commissioner.
"When will the new ferryboat Hayward enter service between Oakland and San Francisco?"
It is to begin service the first week in May.

"Is Ruby Lang still appearing at the Century theater?"
No. Her engagement is closed at that theater.
"I have a knitting machine. Can you tell me of someone who will give me instruction in running it?"
Write to the firm from which you purchased it to get instructions. Such instructions should have been sent with the machine.
The TRIBUNE Information Bureau will answer all questions of a general nature except school or legal problems, debate, trade and firm names and queries as to the time of day.
The bureau is open every day except Sunday from 8 a. m. to 9 p. m.
If answers are desired by mail stamps must be enclosed. Quickest results can be obtained by telephoning to the bureau. If you have any problems of a general nature to solve, ask THE TRIBUNE Information Bureau, Lakeside 5009.

Milk Ordinance Meets Opposition

BERKELEY, April 14.—Charges that the "anti-cow" ordinance to be voted upon May 1 in this city is merely an effort on the part of the milk trust to force out the small dairymen in Berkeley," Mrs. W. T. Cleveron, president of the state housewives league, last night addressed a mass meeting at the Berkeley high school auditorium. "We are willing to see the cows go," said Mrs. Cleveron, "but we are opposed to driving out in the short space of a year these people who have lived their lives in this community. All it will do is to drive out the honest dairymen who are selling clean, pure, whole milk, the equal of certified milk, at a cheaper rate than the big producers charge for the same milk a day or more old."

PENALTY OF VICTORY.
LONDON.—Because he received a weekly unemployment allowance and failed to report winning \$100 playing whist, Bernard Ealing was fined \$105.

The southern Annalscheln area her hardwood has fallen off 60 per cent in production.

ALLEN FOUND GUILTY; LIFE TERM URGED

After Four Hours of Work Jury Recommends That Clemency Be Given Man Convicted of Ax Murder

A verdict of murder in the first degree, with a recommendation for life imprisonment, was last night returned against Harry Allen by a jury in the local criminal court, in connection with the death of Walter Dowdy, Palo Alto garage man. The jury's findings were that Dowdy was killed with an ax wielded by his friend, Allen, with whom he had gone for an automobile ride. The murder occurred near Warm Springs, December 1 of last year.

Allen will appear before Superior Judge H. L. Preston next Tuesday for sentence. In the meantime decision will be made as to whether or not an appeal will be taken in his behalf.

The motive, according to evidence presented during the trial, was robbery.

The prosecution of Allen was headed by District Attorney Ezra Decoto, who was assisted by Deputy Frank Mitchell Jr., Preston D. Higgins and Miss Agnes Pole-dorfer. Allen was defended by Attorneys Peter J. Crosby and Carlisle Crossley.

The jury was out four and a half hours before returning its verdict. Members of the jury said afterward that they had found Allen guilty of first degree murder on the first ballot, and had spent the remaining time deliberating whether or not to recommend the death penalty by recommending life imprisonment.

Immediately after the slaying of Dowdy, Allen drove to San Jose, 15 miles away, carrying the body in the rear seat of his automobile, and told the police of that city that his friend had been killed in a hold-up.

ARMAMENT PLAN BLOCKS FORMULA

SANTIAGO, Chile, April 14 (By the Associated Press).—Pan-American conference circles are awaiting word as to whether the meeting of the armaments committee scheduled for tonight will be held or postponed.

Argentina's opposition to what she alleges to be the impractical plan for reducing armament expenditures that has been drafted by the Chilean delegation, has caused Chilean and Brazilian delegates to leave the meeting.

"DEAD" INFANT LIVES BY DROPS OF ADRENALIN

NEW YORK, April 14.—An infant supposedly born dead was "brought to life" by the injection into his heart of several drops of adrenalin last Monday, officials of the Brownsville and East New York hospital, of Brooklyn, announced yesterday.

The child, son of Mrs. Rose Carvin, was, according to hospital authorities, apparently dead at birth. A careful examination, however, indicated a very faint heart action. Adrenalin was used and the effect was instantaneous. It was said. A few minutes later a lusty infant was presented to Mrs. Carvin.

PAGE RANK CONFERRED

RICHMOND, April 14.—Richmond's first page rank was conferred upon the city by the Richmond Rotary club yesterday.

The club, which is composed of prominent business and professional men of the city, conferred the rank of page upon the city by the Richmond Rotary club yesterday.

POSTERS WIN PRIZES FOR STUDENTS

Alameda School Took First Place, With Lockwood Junior High Second—Many Posters Submitted

SAN RAFAEL, April 14.—Oakland and Alameda public school students were given the honors in the annual child welfare poster contest of Second District, California Congress of Mothers, in a popular vote at the conclusion of the fifth annual convention in this city yesterday. Oakland High school and Oakland Technical High school were awarded the prizes for the best posters submitted by students of the high schools of the eleven counties within the district. Alameda took first place in the grammar school contest with several posters going to the Lockwood Junior High school. Several hundred posters from northern California were entered.

Adjustment of the twelfth annual convention marks the last time that second district will see the 11 counties which make up its present territory. A vote of the executive board of California Congress of Mothers this month is permitting the district to divide, the counties of Sonoma, Lake, Mendocino, Humboldt and Del Norte to be joined with the Fourteenth district.

STATION INDORSED

Reconsideration of the resolution seeking indorsement to Assembly bill No. 161, providing a local radio research station at the University of California, was made before adjournment. The original resolution was lost. Indorsement of Second district was given the project on the second reading. A second resolution urging enforcement of laws which would make it a crime for children who sell flowers and produce was lost after a heated discussion.

"When a woman fails in her career as home maker, it is either her fault or the fault of her husband," Mrs. E. E. Ensey, chairman of the home department, told the delegates yesterday afternoon. "No position which she may hold requires the brains and education that the executive of the home requires. There has been a tendency of late years to depreciate the home. Mrs. E. E. Ensey, chairman of the home department, told the delegates yesterday afternoon. "No position which she may hold requires the brains and education that the executive of the home requires. THE PACIFIC COAST GIRLS' RESCUE HOME IN OAKLAND

The Pacific Coast Girls' Rescue Home in Oakland was the subject for a short talk during the afternoon session by Mrs. Sidney Hallett of Alameda, president of the Big Sisters.

TRIBUTE TO MOTHERS AND THE PARENT-TEACHER MOVEMENT

was voiced by David Martin, superintendent of schools of Alameda county, who was the convention guest. He expressed the hope that work done in the county may be represented by an active association closely affiliated with the schools and declared that such an organization was absolutely indispensable.

Rev. Harvey Miller of Alameda was the principal speaker of the day.

Delegates who remained in San Rafael today were entertained on a scenic motor trip over the Tamalpais boulevard and a barbecue luncheon. The Lions Club was the host.

ROTARIANS ELECT

RICHMOND, April 14.—At the annual election of Richmond Rotary yesterday officers were named as follows: Henry A. Johnston, president; Aubrey Wilson, vice president; Walter T. Helms, secretary; Harry D. Chapman, sergeant-at-arms. The board of directors are: Henry A. Johnston, W. T. Helms, Aubrey Wilson, Postmaster James N. Long was added to the roster.

Tribune Screen to Show Tuesday's Election Vote

RESULTS of the municipal election will be flashed upon a screen at The TRIBUNE building, Thirteenth and Franklin streets next Tuesday night as the returns from the various precincts are obtained. At the same time the progress of the various candidates for the offices of Mayor and City Commissioner will be broadcasted from The TRIBUNE radio station. Stereopticon slides prepared by The TRIBUNE will show graphically the results of the political tilt. A continuous record of the progress of each candidate, showing how each section of the city voted, will be flashed on the screen. The first returns are expected to come in about 7:30 o'clock, and those in close touch with the electoral campaign say that the entire story will be told by 10:30 o'clock.

TWO PARKS ARE PLANNED BY BERKELEY

Cragmont to Have New Park While New Playground Was Given to Thousand Oaks Section in Proposals

BERKELEY, April 14.—A park for Cragmont and a playground for Thousand Oaks are two proposals before the city council as the result of requests for appropriations made to the official body by residents of the two neighborhoods.

Kedlogg Van Winkle, president of the Cragmont Improvement club, yesterday presented a proposal to the council whereby Lookout Rock, the highest point in the Cragmont region, may be purchased by the city from W. R. Reis for \$4000, or ten cents a square foot. Reis is willing to accept \$1000 in cash and the balance in yearly payments, according to Van Winkle. The proposal was referred to the council as a committee of the whole for further consideration.

As the result of the appearance of Allan P. Matthew, chairman of the committee on parks and playgrounds for the Thousand Oaks Improvement club, the council ordered City Engineer C. L. Huggins to prepare a plat of the proposed assessment district for a playground in Thousand Oaks. Matthew, in behalf of the club, asked the council to acquire ten lots in Block 3 and two lots on the western side of The Alameda for park and playground purposes.

4000 Tickets Sold For Fireman's Ball

ALAMEDA, April 14.—The first annual fireman's ball will be held in the Neptune Beach during pavilion tonight under the auspices of the Alameda fire department relief fund.

More than 4000 tickets have been sold and it is predicted, that the affair will be one of the most successful in the history of Alameda municipal events.

The affair has been handled by Oliver W. Fisher as chairman assisted by Rene Combs and Joseph Lane.

</

BOOTS AND SADDLES!—Madam Dora, an equestrian, and two clowns who are among the entertainment features of the Shrine Circus at the Oakland Auditorium.

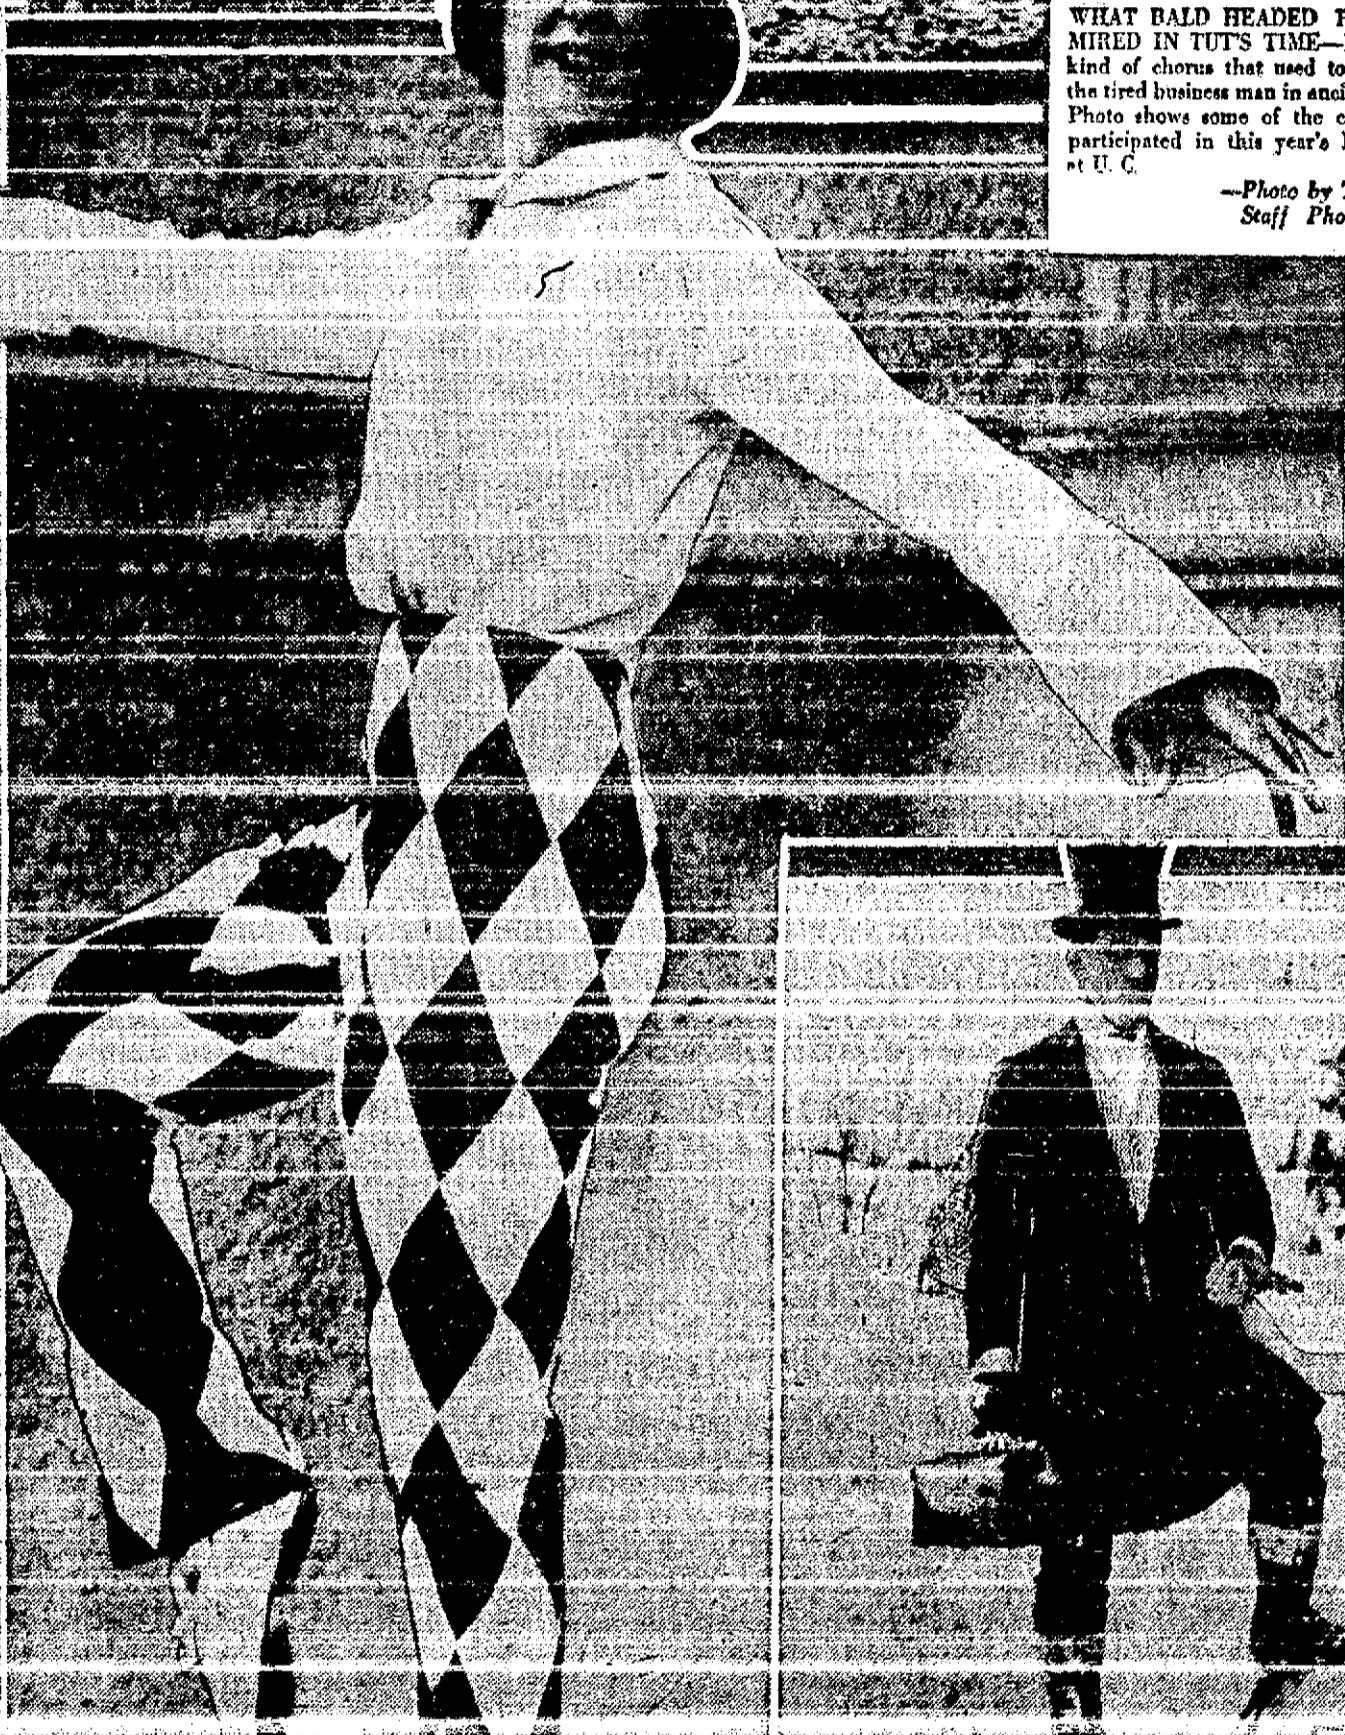

WHAT BALD HEADED ROW ADMIRER IN TUT'S TIME?—Here's the kind of chorus that used to entertain the tired business man in ancient Egypt. Photo shows some of the comeds who participated in this year's Parthenia at U. C.

—Photo by TRIBUNE Staff Photographer.

"STAR OF GREENLAND"—Here is the Queen of the Alaska Salmon Fleet. She is being dolled up at Alameda for the fishing grounds. She will catch the salmon and can them ready for distribution on her return to Oakland.

—Photo by Louis Allen.

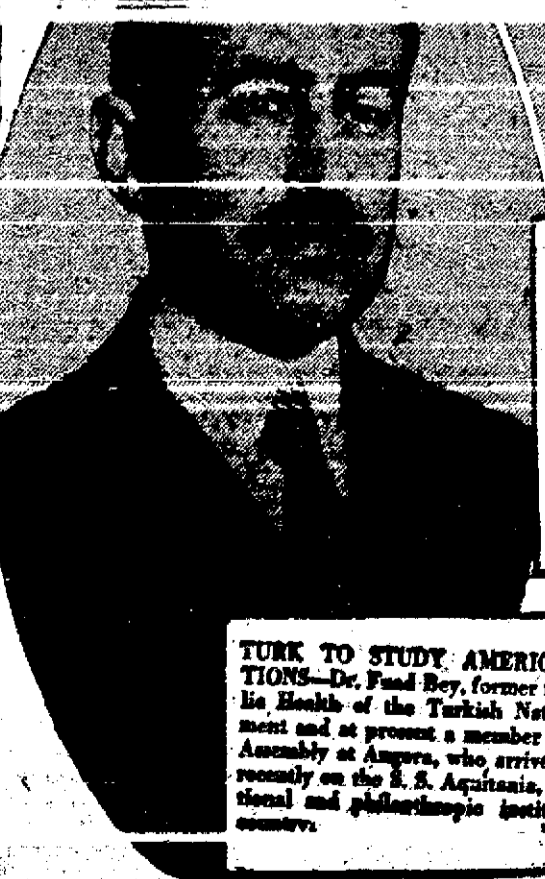

RUSSIA'S LITTLE MAN OF BLOOD—Nikolai V. Krylenko, Bolshevik Attorney-General, who prosecuted Archbishop Zepnik and Vicar-General Butskavitch and other Roman Catholics in Russia, whose death he demanded. Krylenko is a finished artist as an orator and despite his unimposing appearance—he is five feet tall—he sways his audiences with the tempestuousness of his appeals and by his sermonic gibes.

—Copyright by Underwood.

HERE'S THE NEW EARL OF CARNARVON—Photo, taken while they were the honeymooning Lord and Lady Forchester, of the new sixth Earl of Carnarvon and his Countess. The Earl succeeded this week through the death in Egypt of his famous father. Before the marriage of the couple here shown, the new Countess was Miss Katherine Wendell, daughter of the late Jacob A. Wendell.

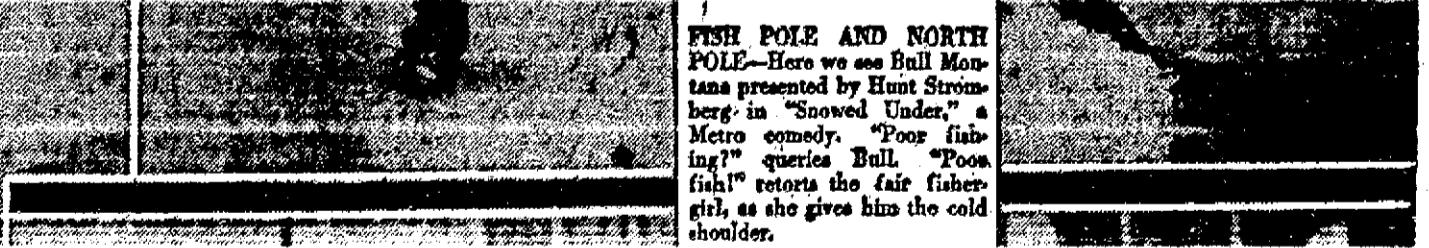

—Copyright by Underwood.

WHEN DIAMONDS ARE TRUMPS—She's an ace when it comes to dancing. Her name is Gladys Crabtree. She's a co-ed at U. C. and was featured in the costume here shown in "Oh, Jerry," put on recently by University students.

—Photo by TRIBUNE Staff Photographer.

TURK TO STUDY AMERICAN INSTITUTIONS—Dr. Fazl Bey, former minister of Public Health of the Turkish Nationalist government and at present a member of the National Assembly at Ankara, who arrived in New York recently on the S. S. Aquitania, to study educational and philanthropic institutions in this country.

FISH POLE AND NORTH POLE—Here we see Bull Montana presented by Hunt Stronberg in "Snowed Under," a Metro comedy. "Poor fishing!" queries Bull. "Poor fish!" retorts the fair fisher-girl, as she gives him the cold shoulder.

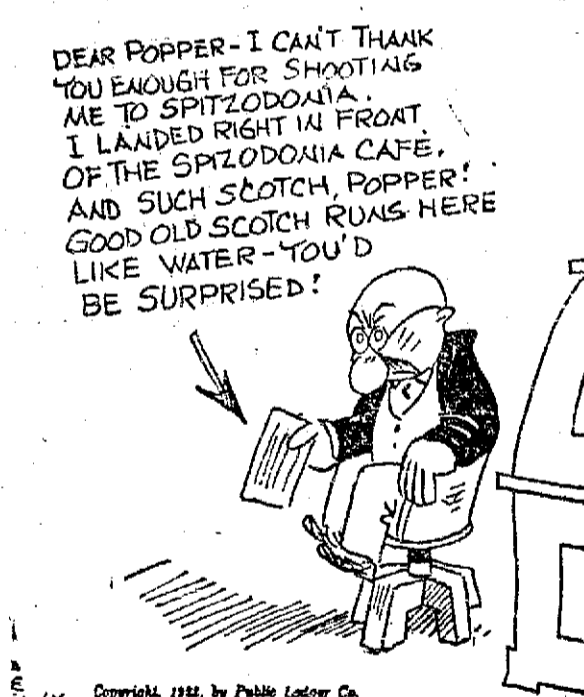

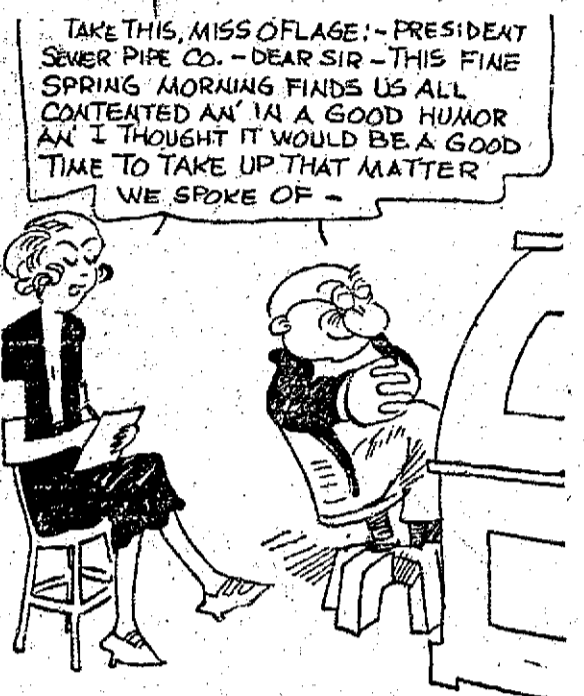

BREAKING GROUND FOR GYM—Boy Scouts of Oakland at ground-breaking exercises for the proposed new gymnasium at First Christian church, Grand avenue and Webster streets. Left to right, they are: Harry Belleville, scoutmaster; Fred Lockrop, Homer Klumpp, Orlov Newcomb, Alfred Cooper, and Thomas Mason.
